NURSERY OFFICE HOURS

From April 10th to May 15th the Nursery is open until 9 P.M.

TWIN CITY DELIVERIES

Twin City orders are delivered free providing they amount to \$2.00 or more, otherwise a charge of 50c will be made to cover cost of delivery. If all customers will kindly place their orders as early as possible, a fine selection of stock and prompt receipt of the goods when the time for delivery arrives, will be assured them.

**POSTAGE REQUIRED FOR ORDERS WANTED
BY PARCEL POST**

Customers desiring orders shipped by Parcel Post will please add 5c additional for each perennial ordered and 8c additional for each shrub. Nursery stock can safely be shipped by freight or express.

CHANGES IN ORDERS

Because of the perishable nature of our product, changes in orders cannot be permitted after the plants have been dug.

THE PLANTING SEASONS

Planting may be done in the Spring, generally April 1st to June 1st, or in the Fall from September until the ground freezes solid.

GETTING THE PLANTING DONE

Many of our customers prefer to do their own planting. However, in some cases this is not possible and we are glad to send experienced men to do the work. Our charge for this labor is 30% of the cost of material ordered. We are unable to accept a planting labor charge of less than \$3.00. Where black soil is needed an additional charge will be made for this unless the customer wishes to furnish the soil. A planting instruction booklet is furnished with all orders.

OUR GUARANTEE

We guarantee to replace, free of charge, any nursery stock purchased direct from us at prices listed in this catalog, that dies before October 1st after planting, providing instructions for planting, pruning, watering and care of the nursery stock given in our Planting Instruction Booklet are followed. Dead stock must be reported to us before October 10th. Stock planted by us will be replanted without additional cost. Prompt payment of accounts must be made in full or above guarantee is void.

For Our Prices Are So Very Low and Rose Hill Stock Never Finer

Common Sense in Buying Trees, Shrubs, Evergreens and Flowers

DON'T be misled—a small, spindly, weak, stunted plant bought by some dealer and resold by him without any guarantee, is dear at any price.

We sell only selected, thrifty, hardy plants—the best that can be grown. Knowing our plants are fresh and in the best possible condition for planting, we agree to replace absolutely free of charge any plants that die before October 1st after planting. What Department Store or jobber can offer you such a liberal guarantee?

Don't waste a year's growth by taking a chance of plants being half or wholly dead from excessive handling and standing around in stores under poor keeping conditions. Plants are living things—they must have reasonable care.

We dig our hardy acclimated plants fresh in the fields where they were grown or take them from our scientifically constructed storage cellars where they have been placed for quick service.

Don't pay a big price for an attractive box. A box costs you money but it does not make the plant inside worth one cent more. Our plants are carefully wrapped for you in moist moss. You pay for no useless box.

WHAT POSSIBLE ADVANTAGE to buying elsewhere when one hundred acres of fine plants at very low prices await your selection at the Rose Hill Nursery midway between the Twin Cities.

Visit Our Nursery—A Storehouse of Fascinating Plant Materials

Not one, but hundreds of different kinds of plants are grown at the Rose Hill Nursery. It is a veritable storehouse of fascinating plant materials which have been gathered from all parts of the world. Here one finds the best of our own native trees, shrubs and flowers—Roses and Lilacs from China and Japan, and evergreens made hardy through centuries of growth on mountain sides. Almost anything one could desire in hardy plants that are suitable for growing in our section of the country, can be found in our nursery.

You are most welcome to visit the nursery during the summer when the plants are in bloom and browse around as long as you like whether you buy or not.

How to Reach the Nursery

From Minneapolis drive out East Hennepin Avenue directly to the Nursery which is located two blocks east of the City Limits. This location is one-fourth mile east of St. Anthony Boulevard as it comes into East Hennepin Avenue. Take Como-Harriet street car going towards St. Paul, get off at Eustis Street, walk three blocks North.

FREE PREMIUMS

With every order of \$2.00 or over your choice of one of the following very popular plants, when requested. Don't fail to tell us your choice. Every plant of the usual high quality of all Rose Hill stock.

- 1 Red Double Peony
- 1 White Double Peony
- 1 Pink Double Peony
- 1 Hardy Aster
- 1 Hardy Fern
- 1 Phlox
- 1 Hardy Everblooming Carnation
- 1 Bridal Wreath, 2 to 3 ft.
- 1 Spirea Froebeli, 18 to 24 in.
- 1 French Hybrid Lilac, 18 to 24 in.
- 1 Hydrangea Peegee, 15 to 18 in.
- 1 Red Leaved Rose, 2 to 3 ft.
- 1 Juneberry, 18 to 24 in.
- 1 Maple Tartarian, 2 to 3 ft.
- 1 Spirea Anthony Waterer, 12 to 18 in.
- 1 Oka Cherry, 3 to 4 ft.
- 1 Hopa Crab, 3 to 4 ft.
- 1 Carrie Gooseberry, 2 yrs.
- 1 Dolgo Crab, 3 to 4 ft.
- 1 London Market Currant, 2 yrs.
- 1 Engelmans Ivy, 2 yrs.
- 3 Chief Raspberries, 2 yrs.
- 1 Alpha Grape, 2 yrs.

From St. Paul drive North on Snelling Avenue past Fair Grounds one quarter mile, turn west on Larpenteur Avenue one and one-half miles to our office. Take Como-Harriet street car going west, get off at Eustis Street and walk three blocks North.

Creating the Modern Home Grounds

The Front Yard Should Be Open and Inviting

In America it is the custom to leave the front yard open to the public view. It is in good taste to make this portion of your grounds so attractive that it creates a pleasing impression on the passerby.

For the utmost in attractiveness in the front yard, plan to have an open stretch of well kept lawn framed on either side by plantings of evergreens and shrubs placed in pleasing arrangement in beds and borders along the lot lines. Plant hardy flowers in front of shrubbery borders and in bays to add color and interest. Plant trees for shade and to frame the view.

A few individual specimen plants are in good taste if carefully placed. A living Christmas tree planted near the house will add year round beauty and will be a permanent tree for holiday decoration. And lastly, provide shade trees for the parkway for the comfort and beauty of your street.

The Rear Yard Should be Enclosed, Because Every Home Should Have An Outdoor Living Room

In place of an open rear yard within the view of everyone, you should plan a private outdoor living room. Here you can enjoy the sunshine, and work among your shrubbery and gay flowers out of the sight of prying eyes. Let the turf provide a green carpet; plant beautiful trees, shrubs and evergreens to make the walls which set the room apart and screen it from view. Plant hardy flowers along the borders to provide fragrance and color. Then locate a few trees to provide comfortable shade and fruit. Altogether you will have a room as delightful as anyone could dream, a room which will give you countless hours of enjoyment and satisfaction. The outdoor living room should be, if possible, on the sunny side of your home, easily accessible to the living rooms in the house.

The Outdoor Living Room May be Either Formal or Informal

The informal living room may be described as a little park where no definite, regular shape or pattern is followed. Boundary lines would be planted along graceful curves. Plantings would be of varying heights to gain a feeling of freedom and organized irregularity so charming to the informal treatment.

When the area available for an outdoor living room is small, a formal treatment is often desirable. Such an area might well be developed adjacent to the living room and sun porch, making the boundaries an extension of the house lines.

*Home of Mr. John M. Gammel
Designed and Planted by our Landscape Department*

*Planting gave the magic touch that
made this house a home*

Wherever one lives, whether it be in the city or on the farm, there is usually much which is unpleasant to look upon. All unattractive views can be painted out with plants. Plant tall, pyramidal trees to shut out buildings close by. Plant vines to scramble over fences, up telephone poles and partially cover garages. Use evergreens to effectively curtain any unpleasant objects all the year round.

Let Your Children Grow Up Among Beautiful Growing Things

In the home blessed with children, beautiful surroundings are more than a pleasure—they are a necessity. Everyone recognizes the important part environment plays in shaping the character of a child. Lucky the child who passes through the impressionable years of his life amid the beauty of trees, plants, flowers and other growing things.

Call upon our landscape department for any help you need with your planning.

A Rock Garden Will Add Charm and Interest To Your Home Grounds

The interest and individuality of the Rock Garden is seldom found in any other type of planting. These fascinating gardens were practically unknown ten years ago but today they are being built not only on large estates but in the yards of small city and suburban homes as well. Every home landscape can have a rock garden. Whether large or small it is a beauty spot.

How to Build the Rock Garden

The Rock Garden is set off to best advantage when it has a background of shrubbery or shrubbery and evergreens. For this reason it is often best located in the rear corner of the lot or against the side shrubbery border. So located it does not break up the lawn area. The smaller Rock Garden has a pleasing outline if made in an oval or kidney shape. In larger gardens the naturalistic effect striven for demands curving outlines. If the Rock Garden is built where there is no natural slope it should be mounded up to present a gradual slope toward the front and sides. The rear may be fairly steep supported by quite a few rocks. A height of about three and one-half feet for a small garden is sufficient. The Rock may be of any available boulders or the sponge-like lime rock so much used is very satisfactory. Use good garden soil to create the mound and set the stones firmly into the soil, sinking them in about one-half their depth. Use stone of good size—those less than eight inches across are meaningless. Don't set them too close together. The rock garden is

*An Attractive Rock Garden and Pool
Grounds of Mr. F. W. Lawson, St. Paul*

not for a display of rocks but to create a suitable growing place for rockery plants.

Plan to set your plants in groups having three or more of a kind together with here and there a taller plant to give accent.

An occasional evergreen such as a Mugho Pine, Trailing Juniper, Savin Juniper or Red Cedar will add materially in attractiveness. **See page 16 for special low price rock garden evergreen group.**

A List of Perennial Rock Garden Plants

For descriptions see general perennial section, pages 16 to 24

Alyssum Saxatile—Basket of Gold
Anemone Hupehensis—Early Anemone
Aquilegia—Asst. Columbine
Arabis Alpine—White Rock Cress
Artemisia—Silver King
Aster Alpinus Goliath
Aster Alpinus Rubra
Campanula Carpatia—Harebell
Carnation—Hardy
Cassia Marilandica—Indian Senna
Cerastium Tomentosum—Snow in Summer
Delphinium, Chinense Larkspur
Dianthus Allwoodi—Pinks

Dianthus Plumarius—Old Fashioned Pinks
Dicentra Eximia—Plumy Bleeding Heart
Erysimum Pulchellum—Fairy Wall-flower
Forget-me-not—Myosotis
Funkia—in variety, Plantain Lily
Geum, Mrs. Bradshaw
Gypsophila—Baby's Breath
Heuchera—Coral Bells
Iris Pumila—Miniature Flag
Iris Siberian
Leontopodium—Edelweiss

Linum—Flax
Lysimachia—Creeping Jenny
Nepeta—Catmint
Papaver—Iceland Poppy
Phlox Subulata—Moss Pink
Sedums—in variety
Thymus Coccineum—Thyme
Veronica Rupestris
Veronica Spicata—Speedwell
Vinca Minor—Trailing Myrtle
Viola—Tufted Pansy—in variety
Yucca—Adam's Needle
Yucca Glauca

An Attractive Rock Garden Designed for You

Special Collection Price	\$11.75

Rose Hill Landscape Department

How We Help You With Your Planning and Planting

The Planting Plan. Our Landscape Department is maintained for the purpose of helping those who desire to beautify their grounds and do not feel that they are competent to carry on the designing of the planting themselves. Though most people have a general knowledge of plants, it is but natural that men who have made a life study of plant materials and the theory and practice of landscape design, should be better able to use these materials in such a way that the most beautiful effects will be accomplished at the least cost.

To those residing in the Twin Cities and its environs, we are glad to extend this landscape service without charge. Your request of our Landscape Department that they give you assistance will bring one of our landscape architects to your home at an appointed time.

Doubtless you will have certain ideas regarding the designing, and in talking the matter over with you when he calls, our landscape architect will be better able to design satisfactorily for you. During this call he is glad to give grading suggestions and advice upon the placement of walks, drives and so forth if the property is new. Obtaining the required measurements of the property, upon returning to the office he prepares a plan for your consideration unless the planting contemplated is a small one, in which case the landscape architect prepares a small, free hand sketch and estimate during his call.

This plan is drawn to scale and is complete in every detail showing just where to place the trees, evergreens, shrubs and flowers recommended, with an itemized list of plants having key numbers corresponding with those on the plan. The plan is then presented for consideration, and such changes, if any, as are required by the home owner, are gladly made.

During the winter is a good time to plan and we suggest that if you contemplate doing some planting you do not put off doing the planning until the actual planting time arrives, but rather get to it early. By so doing you will have ample time to give careful thought and consideration to what is to be done. The snow being on the ground is no hindrance to the planning and our landscape department would welcome a call at any time to help.

Planting the Nursery Stock. Many people prefer to do their own planting, and in such cases we make the carrying out of the plan as easy as possible by explaining how to follow the plan and how to plant. Our planting booklet tells in simple words just how to plant. However should you desire that the planting be done for you, our experienced gardeners will do it. A charge is made for this planting service generally on a percentage basis, though on certain work it is most practical to figure on a time basis.

Black soil, if, and as needed, is charged for additional as is also the carting away of any debris.

Entire Planting Need Not All be Done at Once. Though it is well to do so if convenient, it is not necessary to complete the entire planting as shown on the plan in one year. If you so desire the actual planting can be done gradually from year to year. By having a properly designed planting plan of the entire grounds however, as the planting is carried out from time to time, each part that is planted thus successively, has its proper place in the general design, and when the whole is completed the effect is that of nice unity.

To Those Living Some Distance from the Twin Cities. Our Landscape Department will be glad to prepare plans for those living away from the cities, if they will send us such information as is necessary in order to definitely understand the situation.

In order to do this a rough sketch showing the size of the property, the location of the house on the grounds, an outline of the foundation of the house, the location of such permanent features as the garage, walks, drives and trees, is required. Measurements should be given from point to point so we may know how far the house sets back from the front property line and how far from one side, etc. We should know the width and depth of the house and any off-sets. If the measurements are accompanied by several snap-shots taken of the property, they will be a great help. A letter giving us such ideas as may have occurred to the home owner with regard to how the development should be carried out, will be helpful. With the foregoing information our Landscape Department will be able to prepare a worth while plan.

Out-of-Town Consultation Service. Where the residence grounds are of considerable size, or if the project involved concerns a large estate, school building, park or cemetery, a personal visit by one of our landscape architects is practical. We cordially invite correspondence with regard to this service and shall be very glad to give complete details and costs.

Maintenance Service. Our experienced gardeners are available for trimming of shrubbery and other garden work during the summer. This service is especially attractive to those who employ a man to do the general work around the yard who is not an experienced gardener, and to those who do most of their own work but do not feel competent to do such part of the work as requires much gardening knowledge.

A Winter Scene at the Nursery

Foundation Plantings

Our Landscape Department has designed these choice foundation plantings. If your home resembles one of these, take advantage of the bargain collection prices. Complete planting instructions accompany each order.

Selected Vigorous Stock, Guaranteed to Grow

For a house with steps on the opposite side simply reverse this plan.

Plant Now. Our prices are so very low, for the quality of stock we sell.

Flowering Shrubs

FLOWERING SHRUBS create natural beauty and loveliness in any planting and are indispensable to the landscape gardener. Our large list of hardy varieties contains practically all the worth while shrubs adapted to the rigorous climate of this section of the country. By thoughtful selection (we will be glad to help you) continuous interest may be obtained from early spring until late fall through successive blooming periods. The berries of many varieties are beautiful and give food to the birds. Shrubbery foliage contributes much to the beauty of all plantings.

If shipment is wanted by parcel post please add 8c additional for each shrub.

ALMOND, Flowering. (*Amygdalus*). Small, pink or white double flowers along stems in May. Needs winter protection. Please specify color wanted.

2 to 3 ft. . . . \$0.50 ea. 3 to 4 ft. . . . \$0.75 ea.

ALMOND, Siberian. (*Amygdalus Siberica*). A hardy variety. Covered with bright, rose pink, fragrant flowers early in spring. Leaves turn to gold and red in the fall.

18 to 24 in. . . \$0.50 ea. 2 to 3 ft. . . . \$0.75 ea.

ARALIA, Devil's Walking Stick. (*Aralia Spinosa*). Attractive shrub with very prickly stems and large, deeply cut compound leaves 3 to 5 feet long. Tropical in appearance. Plant in protected locations.

2 to 3 ft. . . . \$0.50 ea. 3 to 4 ft. . . . \$0.75 ea.

ARALIA, Pentaphylla. Five-leaved Aralia. Valuable for attractive foliage. More refined in growth than Spinosa. Of medium height. Needs protected location.

2 to 3 ft. . . . \$0.50 ea. 3 to 4 ft. . . . \$0.75 ea.

ARROWWOOD. (*Viburnum Dentatum*). Flowers white, flat-topped, followed by blue berries in the fall. A large shrub with bright green foliage coloring prettily in the fall.

2 to 3 ft. . . . \$0.35 ea. 3 to 4 ft. . . . \$0.50 ea.

BARBERRY, Japanese. (*Berberis Thunbergii*). A splendid dwarf shrub, conspicuous for its good foliage. The foliage is brilliantly colored in the fall and the attractive red berries cling well into the winter. A thrifty grower most anywhere. Good in front of taller growing shrubs and as a hedge.

12 to 18 in. . . \$0.20 ea. 2 to 3 ft. . . . \$0.40 ea.
18 to 24 in. . . .25 ea.

BARBERRY, Red-Leaved. A recent introduction. Similar to the Japanese Barberry excepting in foliage which is a deep purplish red. A valuable shrub for color in the border.

12 to 18 in. . . \$0.40 ea. 2 to 3 ft. . . . 1.00 ea.
18 to 24 in. . . \$0.60 ea.

BLACKHAW. (*Viburnum Prunifolium*). A large growing shrub with spreading, rather stout branches. Flowers are pure white. Bluish black fruit.

18 to 24 in. . . \$0.40 ea. 2 to 3 ft. . . . \$0.60 ea.

BUCKTHORN, Common. (*Rhamnus Catharticus*). A very hardy shrub with dark green foliage. Flowers inconspicuous. Stands shearing well.

2 to 3 ft. . . . \$0.20 ea. 3 to 4 ft. . . . \$0.35 ea.

BUCKTHORN, Glossy Leaved. (*Rhamnus Frangula*). A handsome shrub with shining dark green foliage. The attractive berries change from red to black. Distinctive in appearance.

2 to 3 ft. . . . \$0.35 ea. 3 to 4 ft. . . . \$0.50 ea.

FREE PREMIUMS

with each order of \$2.00 or over.
See the large list to choose from
on Page 1.

BUFFALO BERRY. (Shepherdia Argentea). A large-growing shrub with silvery white foliage. The fruit is red, resembling a currant. Very vigorous, will grow in poor soil.

2 to 3 ft.\$0.50 ea. 3 to 4 ft.\$0.75 ea.

CARAGANA or SIBERIAN PEA TREE. (Caragana Arborescens). One of our hardiest shrubs. Covered in May with bright yellow flowers followed by long, slender pods.

2 to 3 ft.\$0.25 ea. 4 to 5 ft.\$1.00 ea.
3 to 4 ft.40 ea. 5 to 6 ft. 2.00 ea.

CHERRY, Nanking. (Prunus Tomentosa). A tree-like bush making a very dense top and quite unlike most other cherries in appearance. Very attractive, pinkish flowers appearing just before the leaves.

2 to 3 ft.\$0.40 ea. 3 to 4 ft.\$0.60 ea.

CHERRY, Purple Leaf Sand, or Cistena. (Prunus Pumila Purpurea). A fine shrub for color effect having purple foliage throughout the growing season.

2 to 3 ft.\$0.35 ea. 3 to 4 ft.\$0.50 ea.

CHERRY, Sand. (Prunus Pumila). Its small, but numerous, early white blossoms and purplish black fruit make it an attractive addition to the shrubbery border.

2 to 3 ft.\$0.25 ea. 3 to 4 ft.\$0.50 ea.

COTONEASTER or QUINCEBERRY. (Cotoneaster Acutifolia). An attractive, dense growing shrub with ornamental, shiny, dark green leaves. Fall coloration lovely. Very good in the border or for a hedge.

18 to 24 in...\$0.20 ea. 3 to 4 ft.\$0.40 ea.
2 to 3 ft.25 ea.

CRANBERRY, High Bush. (Viburnum Opulus). Flowers white in flat clusters. Very decorative in fruit, which colors early, and holds its bright scarlet color until very late in the fall.

18 to 24 in...\$0.20 ea. 3 to 4 ft.\$0.40 ea.
2 to 3 ft.25 ea. 4 to 5 ft. 1.00 ea.

Hydrangea—Hills of Snow and Aralia

CURRENT, Alpine or Mountain. (Ribes Alpinum). A desirable, rather low growing shrub of dense growth. Having foliage close to the ground it is a desirable plant for shrubbery borders. Stands shade.

12 to 18 in...\$0.25 ea. 2 to 3 ft.\$0.50 ea.
18 to 24 in... .35 ea.

DOGWOOD, Golden Barked. (Cornus Aurea). Attractive in winter with its golden yellow bark, especially in masses with the red-barked varieties. Flowers white.

2 to 3 ft.\$0.35 ea. 3 to 4 ft.\$0.50 ea.

DOGWOOD, Gray Bark. (Cornus Racemosus). White flowers in May or June. Attractive white fruit in fall. Good foliage, bushy, compact form. A fine shrub.

18 to 24 in...\$0.25 ea. 2 to 3 ft.\$0.35 ea.

DOGWOOD, Red Twigged Siberian. (Cornus Siberica). A superior variety of the Red Twigged Dogwoods. Its symmetrical growth and very bright red branches make it very desirable. White flowers.

18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft.75 ea.

DOGWOOD, Siberian Variegated Leaved. (Cornus Siberica Variegata). Its green leaves with white stripes make this plant very attractive. Its white flowers and red bark are also interesting.

18 to 24 in...\$0.35 ea. 2 to 3 ft.\$0.50 ea.

Catalog Price\$2.15

Special Group Price\$1.75

FORSYTHIA, Golden Bell. (*Forsythia Suspensa Fortunii*). The arching branches are covered in very early spring with golden yellow flowers. Clean, handsome foliage. Half hardy.

2 to 3 ft.\$0.50 ea. 3 to 4 ft.\$0.75 ea.

HONEYSUCKLE, Morrows. (*Lonicera Morrowi*). Creamy white flowers produced in May followed by bright red berries. A thrifty grower well suited for general yard use.

18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea.

HONEYSUCKLE, Tatarian. (*Lonicera Tatarica*). Very hardy, large growing, covered with attractive small flowers, in either red, pink or white colors. Has attractive berries. A very good shrub.

18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft. 1.00 ea.

HYDRANGEA, Peegee. (*Hydrangea Paniculata Grandiflora*). Medium sized with immense conical shaped white flowers which later change to pink. These are produced in August and September when few other shrubs are in bloom. Flowers may be cut before freezing for winter bouquets.

18 to 24 in...\$0.20 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.30 ea.

HYDRANGEA, Hills of Snow. (*Hydrangea Arbor-escens Sterilis*). A valuable shrub with large snow white blossoms. Commences to bloom in June and continues until early fall. Will grow in partial shade.

18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.60 ea.
2 to 3 ft.35 ea.

HYDRANGEA, Tree Form. This is a tree form of the Peegee Hydrangea trained on a straight stem to produce a small tree for specimen planting.

3 to 4 ft.\$1.00 ea. 4 to 5 ft.\$1.50 ea.

Double Flowering Plum

Bridal Wreath Spirea

HAWTHORNE or THORNAPPLE. (Crataegus). A profusion of white flowers followed by a rich display of red berries. 10 to 12 feet high.
2 to 3 ft.\$0.50 ea. 3 to 4 ft.\$0.75 ea.

JUNEBERRY. (Amelanchier Canadensis). A beautiful early flowering shrub. Every branch a mass of delicate white bloom. Fruit resembles blueberries in appearance and taste.
18 to 24 in...\$0.20 ea. 2 to 3 ft.\$0.25 ea.

LILAC, Common Purple. (Syringa Vulgaris). The old-fashioned lilac. Fragrant purple flowers in May. Hardy, tall growing.
18 to 24 in...\$0.20 ea. 3 to 4 ft.\$0.35 ea.
2 to 3 ft.25 ea. 4 to 5 ft.75 ea.
5 to 6 ft. in clumps.\$2.00 ea.

LILAC, Common White. (Syringa Vulgaris alba). Similar in growth to the above. Flowers white.
18 to 24 in...\$0.20 ea. 3 to 4 ft.\$0.35 ea.
2 to 3 ft.25 ea. 4 to 5 ft.75 ea.

Catalog Price\$2.25
Special Group Price\$1.95

LILAC, Japan Tree. (Syringa japonica). Blooms in loose spreading clusters of creamy white flowers in June. A vigorous grower. A small tree in form.
3 to 4 ft.\$0.75 ea.

LILAC, Persian. (Syringa persica). A graceful Lilac. The branches are slender, leaves small size. The flowers are pale purple, fragrant and borne in large panicles.
18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft.75 ea.

LILAC, Rouen. (Syringa Rothomagensis). An improvement in both color of flower and manner of growth on the common Persian Lilac. Flowers are larger and reddish purple in color, produced in profusion.
18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea.

LILAC, Villosa. (Syringa villosa). Bushy shrub about eight feet high with stout branches. It has dark shining foliage which is very attractive. Flowers are silvery rose and produced after other lilacs are thru blooming.
18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft. 1.00 ea.

LILAC, FRENCH HYBRID VARIETIES. These splendid Lilacs are far superior to the common varieties, blooming much more consistently with a profusion of larger flowers. They generally bloom the first year after planting. Available in a wide choice of flower colors, they constitute a most valuable group of shrubs. No home yard should be without some of these Lilacs and they are equally valuable for park use. The following varieties are among the most hardy and very best lilacs of this class.
18 to 24 in...\$0.40 ea. 3 to 4 ft.\$0.75 ea.
2 to 3 ft.50 ea.

ALFONSE LAVALLE. Double. Large flowers clear lilac color. A general favorite.

CHAS. X. Single. Flowers abundantly, deep reddish purple.

DOROTHY HAWKINS. Single. Deep reddish purple in large clusters. Excellent.

LUDWIG SPAETH. Single. Deep purplish red in dense large panicles. Begins to bloom when only two feet high. Very choice.

MADAME LEMOINE. Double. Profuse blooming, white flowers. The best double white.

MADAME PERIER. Double. Dwarf growers, flowers creamy white. A lovely lilac.

MARIE LEGRAYE. Single. Large panicles of white flowers. Begins to bloom when bush is only 18 to 24 inches high.

PRESIDENT GREVY. Double. Large violet colored flowers. Very fine.

PRINCESS ALEXANDRA. Single. Flowers very large, fine white.

MAPLE, Tatarian. (Acer Tataricum Ginnala). A graceful shrub-like tree with handsome foliage which turns to bright red in autumn. The brilliance of this coloring is unsurpassed.
2 to 3 ft. high, bushy.....\$0.25
3 to 4 ft. high, bushy..... .40
4 to 5 ft. high, bushy..... .60

OLIVE, Russian. (Eleagnus Angustifolia). A large growing shrub or small tree with silvery white foliage. One of the best for planting in dry, exposed locations.
2 to 3 ft.\$0.25 ea. 4 to 5 ft.\$0.50 ea.
3 to 4 ft.35 ea. 5 to 6 ft. 1.00 ea.

PLUM, Double Flowering. (Prunus triloba). A very choice shrub of medium height, bearing just before the leaves unfold, a profusion of delicate double pink colored rose-like flowers. Flowers resemble the flowering almond but the bush is hardier and more satisfactory. Many mistake this bush for the flowering almond.
18 to 24 in...\$0.25 ea. 3 to 4 ft.\$0.50 ea.
2 to 3 ft.35 ea. 4 to 5 ft. 1.00 ea.

PLUM, Purple Leaved. (Newport). Large growing shrub or small tree with shining purple leaves which hold their color well during the summer, contrasting beautifully with the green tones of various other shrubs.
2 to 3 ft.\$0.35 ea. 4 to 5 ft.\$1.00 ea.
3 to 4 ft.50 ea.

POTENTILLA, Cinquefoil. (Potentilla Fruticosa). A handsome, low growing shrub with numerous yellow flowers throughout the summer.
12 to 18 in...\$0.25 ea. 18 to 24 in...\$0.40 ea.

PRIVET, Lodense. A new hardy dwarf privet. Fine for a hedge, in tubs, for window boxes and foundation planting. For description see page 12.
12 to 18 in., bushy.....\$0.35 ea.
18 to 24 in..... .50 ea.

ROSE, Acacia. (Robinia Hispida). Attractive shrub with pea-shaped, rose and lavender colored flowers. Covered with short bristles. Thrives in poor soil.
2 to 3 ft.\$0.75 ea.

Hardy Rugosa Roses

THESE are especially valuable for growing in Minnesota on account of their hardiness. They need no winter protection. Rugosa Roses are erect, growing with spiny stems and have tough wrinkled foliage of a healthy green. Particularly useful for planting in shrubbery or for hedges, along driveways, borders of properties and the like.

Price, extra large 2 year old plants, 50c each, except where noted.

AMELIA GRAVEREAUX. A strong grower with fine foliage. Flowers medium sized, dark purplish-red, double and fragrant, borne in clusters.

BELLE POITEVINE. A very vigorous grower with loosely formed clusters of bright magenta pink flowers. Very fragrant.

CONRAD FERDINAND MEYER. An early flowering variety combining the ornamental quality of its Rugosa foliage with the blossom beauty and perfume of the Hybrid Perpetuals. Flowers large, cup-shaped and double; of a delicate silvery-pink.

SPECIAL OFFER

3 Hybrid Rugosa Roses
Eskimo Beauties

They need no winter covering, for they are perfectly hardy

1 Mrs. Anthony Waterer, 2 to 3 ft.

1 Hansa, 2 to 3 ft.

1 Sir Thomas Lipton, 2 to 3 ft.

Catalog Price\$1.50

Special Offer, All Three for.....\$1.10

DR. E. M. MILLS. The flowers are small and semi-double. Primrose shaded pink. Profusely produced on a shrubby plant about three to four feet high. The leaves are small and attractive.

F. J. GROOTENDORST. The flowers are small, fringed bright red. Produced freely throughout the growing season in large clusters. A strong growing plant with coarse foliage of splendid quality.

HANSA. The best double red Rugosa Rose. The plant is a strong healthy grower with fine dark, rich green foliage. The flowers are of large size for this class of rose and are most attractive with their rich coloring.

2 yrs. old....\$0.50 ea. 3 yrs. old....\$0.75 ea.

MRS. ANTHONY WATERER. A new, large flowering double red Hybrid Rugosa. Blooms exceedingly fine almost continuously through the season.

SIR THOS. LIPTON. The snowy white flowers are double and produced freely through the summer and fall by this very strong plant. It is the best double, pure white Rugosa.

ROSE RUGOSA, Single Red. One of the most ornamental single flowered roses. The flowers are large with golden center, color varying from a deep pink to bright red followed by attractive red fruit in the fall.

Hardy Bush Roses

These roses are hardy and need no winter protection. They are quite varied in their form and have a wide appeal to those interested in roses. They are useful for planting with shrubbery and for naturalizing on banks.

BLANDA. The canes are thornless and grow from three to five feet high. The soft, pink flowers measure two inches across and are borne in clusters. The bright red seed hips are attractive in winter.

Strong plants, 2 to 3 ft.....\$0.50 ea.

HARRISON'S YELLOW. The soft yellow, semi-double fragrant flowers are borne in great profusion and the foliage keeps bright and healthy looking until late in the fall. The best semi-double yellow rose for this section.

Strong plants, 2 to 3 ft.....\$0.50 ea.

HUGONIS. A yellow rose producing single flowers in great profusion early in the spring. The bush develops into a beautiful plant and retains its foliage throughout the late fall. It is very hardy and is destined to become one of the most popular of the bush roses.

Strong plants, 2 to 3 ft.....\$0.50 ea.

LUCIDA. This dense growing handsome shrub has healthy bright green foliage. The single flowers are pink followed by shining red fruit which is attractive. Desirable for covering banks or in the shrub border.

2 to 3 ft. plants.....\$0.50 ea.

RED-LEAVED ROSE. Rubrifolia. The intensely pink single flowers are borne in abundance upon upright stems with crimson foliage. Delightful, too, in the fall and winter with myriads of red fruit. Hardy and very ornamental.

18 to 24 in. plants.....\$0.35 ea.

2 to 3 ft. plants......50 ea.

3 to 4 ft. plants......75 ea.

SETIGERA. The bright, pink flowers are rather large and produced in big clusters late in the season. Manner of growth is climbing or arching, and the bush is excellent for trailing over walls or naturalizing on slopes. Very hardy.

Strong plants, 2 to 3 feet.....\$0.50 ea.

SNOWBALL. (Viburnum opulus sterilis). A well-known shrub attaining a height of ten to twelve feet. Flowers pure white in round clusters about the first of June.

18 to 24 in...\$0.20 ea. 3 to 4 ft.....\$0.50 ea.

2 to 3 ft......25 ea.

SNOWBERRY, Red or Indian Currant. (Symphoricarpus Vulgaris). Of low growing graceful habit, numerous small pink flowers followed by interesting coral colored berries.

18 to 24 in...\$0.25 ea. 2 to 3 ft.....\$0.35 ea.

SNOWBERRY, White. (Symphoricarpus Racemosus). A rather low growing shrub with small pink flowers followed by a mass of very attractive white berries which cling late in the fall. Will grow well in partial shade.

18 to 24 in...\$0.20 ea. 2 to 3 ft.....\$0.25 ea.

Arguta Spirea

SPIREA, Anthony Waterer. Flowers a bright crimson commencing to bloom in June and continuing throughout the summer. A valuable low growing shrub producing an abundance of showy flowers.

12 to 18 in...\$0.20 ea. 18 to 24 in...\$0.25 ea.
2 feet......50 ea.

SPIREA, Arguta. A very graceful early flowering shrub blooming with white flowers before the Bridal Wreath. Slender arching branches clothed with feathery green leaves.

18 to 24 in...\$0.25 ea. 2 to 3 ft.....\$0.35 ea.

SPIREA, Arguta Multiflora. Flowers resemble the Arguta and blooms about the same time. Multiflora is more graceful and more bushy. Combines nicely with Bridal Wreath to prolong blooming season.

18 to 24 in...\$0.20 ea. 2 to 3 ft.....\$0.25 ea.

SPIREA, Ash Leaved. (Spirea Sorbaria Sorbifolia). Has long, feathery panicles of white flowers in July. Leaves resemble those of the Mountain Ash. Starts growth very early in spring. A thrifty grower, suitable for either sunny or shady locations.

2 to 3 ft.....\$0.35 ea. 3 to 4 ft.....\$0.50 ea.

SPIREA, Billardi Rosea. Flowers spike shaped, rose pink in color. Starts blooming in late June and continues through August.

18 to 24 in...\$0.20 ea. 3 to 4 ft.....\$0.40 ea.
2 to 3 ft......25 ea.

SPIREA, Bridal Wreath. (Spiraea Van Houttei). A great favorite. White flowers produced so freely along the gracefully drooping stems that the foliage can hardly be seen. Very hardy, will grow in partial shade.

18 to 24 in...\$0.20 ea. 3 to 4 ft.....\$0.35 ea.
2 to 3 ft......25 ea. 4 to 5 ft......60 ea.

SPIREA, Callosa Alba. Dwarf white flowering bush of symmetrical form. Blooms nearly all summer.

12 to 18 in...\$0.35 ea. 18 to 24 in...\$0.50 ea.

SPIREA, Callosa Rosea. A rather dwarf bush with flat clusters of rose pink flowers.

18 to 24 in...\$0.40 ea.

SPIREA, Froebeli. Flowers bright rosy-red in flat clusters, produced during July and August. Foliage purple red in early spring and again in the fall. A desirable low growing shrub.

12 to 18 in...\$0.20 ea. 18 to 24 in...\$0.25 ea.
2 to 3 ft......40 ea.

SPIREA, Gold-Leaved. (Spiraea aurea). The golden green colored leaves are most attractive when used with other shrubs. White flowers in clusters about the middle of June. Large growing.

2 to 3 ft.....\$0.35 ea. 3 to 4 ft.....\$0.50 ea.

SPIREA, Ninebark or Snowball Leaved. (Spiraea opulifolia). Vigorous growing. Large white flowers, seed pods turning bright red in summer. Makes a good screen.

2 to 3 ft.....\$0.35 ea. 3 to 4 ft.....\$0.50 ea.

SPIREA, Tomentosa. Flowers deep pink in narrow, dense panicles. Grows about four feet high with upright brown, hairy branches. An attractive shrub.

18 to 24 in...\$0.25 ea. 2 to 3 ft.....\$0.35 ea.

SUMACH, Cut-Leaved. (Rhus typhina laciniata). The lace-like graceful leaves of a pleasing green are very attractive, but especially so when it turns in autumn to varied hues of crimson and gold.

18 to 24 in...\$0.25 ea. 3 to 4 ft.....\$0.60 ea.
2 to 3 ft......35 ea.

SUMACH, Smooth. (Rhus glabra). A large growing native shrub well adapted for covering unsightly banks. The attractive foliage turns a bright fiery red in autumn.

2 to 3 ft.....\$0.35 ea. 3 to 4 ft.....\$0.50 ea.

SYRINGA, Dwarf Golden-Leaved. (Philadelphus aureus). A compact shrub with bright yellow leaves and white flowers. Very effective as a foliage plant.

12 to 18 in...\$0.35 ea. 2 to 3 ft.....\$0.75 ea.
18 to 24 in... .50 ea.

SYRINGA, Large Flowered. (Philadelphus grandiflorus). A large and vigorous growing shrub, producing a great wealth of creamy white blossoms of unusual size.

18 to 24 in...\$0.20 ea. 3 to 4 ft.....\$0.35 ea.
2 to 3 ft......25 ea. 4 to 5 ft......50 ea.

SYRINGA, Lemoine. (Philadelphus Lemoinei). A splendid free flowering variety with slender upright branches. Flowers creamy white and very fragrant. A medium height shrub.

18 to 24 in...\$0.25 ea. 3 to 4 ft.....\$0.50 ea.
2 to 3 ft......35 ea.

SYRINGA, Sweet Scented-Mock Orange. (Philadelphus coronarius). A vigorous growing shrub with sweet scented white flowers in the greatest profusion about the middle of June.

2 to 3 ft.....\$0.25 ea. 3 to 4 ft.....\$0.40 ea.

SYRINGA, Virginal. (Philadelphus virginalis). A magnificent new variety, growing moderately tall with good foliage and compact habit. The sweetly fragrant large, double, creamy white flowers are magnificent.

18 to 24 in...\$0.35 ea. 3 to 4 ft.....\$0.75 ea.
2 to 3 ft......50 ea. 4 to 5 ft..... 1.00 ea.

TAMARIX. (Tamarix amurensis). A very unusual appearing shrub. Foliage feathery blue-green in color, flowers pink in long, airy, graceful racemes. Very attractive. Needs protected location.

18 to 24 in...\$0.25 ea. 3 to 4 ft.....\$0.50 ea.
2 to 3 ft......35 ea.

WAYFARING TREE. (Viburnum lantana). Large, attractive, robust shrub, with soft heavy leaves and clusters of white flowers. The red fruit is attractive to birds.

18 to 24 in...\$0.30 ea. 3 to 4 ft.....\$0.60 ea.
2 to 3 ft......40 ea.

WEIGELA, Eva Rathke. A remarkably free bloomer, flowering continuously throughout the summer. Flowers a rich ruby carmine color. Needs winter protection.

2 to 3 ft.....\$0.75 ea.

WEIGELA, Rosea. Rose colored trumpet shaped flowers in late June are produced very freely. Needs winter protection.

2 to 3 ft.....\$0.50 ea.

Lilac Ludwig Spaeth

Hedges

THE cheapest wall or fence and the best is the living hedge. It does not need to be painted as it gives itself a new coat every year. A hedge will effectively screen out undesirable views or shut out trespassers. Plant a hedge where you need a fence. Listed below you will find hedge plants suited for all purposes and locations. Our plants are grown in the open nursery rows where they have been given ample room for both root and top development.

PLANTING THE HEDGE

When Buckthorn, Cotoneaster and Caragana are used, plant 8 to 10 inches apart in a single row, or if a very heavy hedge is wanted plant 12 inches apart in a double row planting rows 6 to 8 inches apart plants staggered.

The remainder of the plants listed on this page should be planted one foot apart in a single row.

Do not fail to trim every plant immediately after planting to at least one-half its original size. Leaving only the lower one-fourth would be still better. The secret of securing a dense hedge is to cause the plants to branch out near the ground by trimming as advised above.

BARBERRY, JAPANESE or THUNBERG'S. (Berberis Thunbergi). Of low spreading growth, forming a dense hedge. The twiggy branches are set with small, sharp thorns and bright, clean foliage which in the fall turns to gold and scarlet. The brilliant, red berries are attractive in the fall and winter. A fine plant for a low hedge whether trimmed or allowed to grow naturally.
12 to 18 in. . \$17.50 per 100 18 to 24 in. . \$20.00 per 100

BUCKTHORN. (Rhamnus Catharticus.) A very satisfactory plant to use when a medium high to tall hedge is wanted. It stands trimming so well that it can be kept for a long period at practically any height desired. The foliage is of a rich, healthy green and remains clean looking throughout the summer. It is hardy and one of our most satisfactory hedge plants.
12 to 18 in. . \$10.00 per 100 2 to 3 ft. . . \$14.00 per 100
18 to 24 in. . 12.00 per 100 3 to 4 ft. . . 17.50 per 100

CARAGANA or SIBERIAN PEA TREE. (Caragana Arborescens). Thrives in any well-drained soil and is hardy in the most exposed locations. Is suitable for use where a medium or tall-growing hedge is desired. Stands shearing well.
12 to 18 in. . \$ 8.00 per 100 2 to 3 ft. . . \$15.00 per 100
18 to 24 in. . 10.00 per 100

COTONEASTER, QUINCEBERRY. (Cotoneaster Acutifolia). The fresh looking, glossy green foliage of this plant and its thrifty, dense growth, combined with its hardiness, make it ideal as a hedge plant for use in Minnesota. It stands trimming well. The foliage turns to lovely shades of yellow and red in the fall. We especially recommend this hedge.
12 to 18 in. . \$11.00 per 100 2 to 3 ft. . . \$20.00 per 100
18 to 24 in. . 15.00 per 100 3 to 4 ft. . . 30.00 per 100

CURRENT, Alpine. (Ribes Alpinum). A choice plant for use where a hedge of rather low growth is wanted. It is perfectly hardy and has dense foliage of a pleasing green. Will stand partial shade.
10 to 12 in. . \$12.00 per 100 18 to 24 in. . \$25.00 per 100
12 to 18 in. . 17.50 per 100

DOGWOOD, SIBERIAN. (Cornus Siberica). There is some demand for this plant for hedge use on account of its attractive red bark. As the plant grows older, however, it becomes thin at the bottom and is not perfectly satisfactory.
18 to 24 in. . \$17.50 per 100 3 to 4 ft. . . \$35.00 per 100
2 to 3 ft. . . 20.00 per 100

HONEYSUCKLE, Tatarian. (Lonicera Tatarica). For use as a large hedge this plant is very satisfactory. It is perfectly hardy and a strong grower. It has myriads of small attractive flowers followed by red berries.
18 to 24 in. . \$17.50 per 100 3 to 4 ft. . . \$30.00 per 100
2 to 3 ft. . . 20.00 per 100

LILAC, Common Purple. (Syringa Vulgaris). Though this plant yields readily to trimming, it is best suited for use as a hedge where it may be left untrimmed. The lovely flowers, one of its chief attractions, would not be produced if trimming was done. Should be planted only where the plants will have room to grow quite large.

18 to 24 in. . \$12.00 per 100 3 to 4 ft. . . \$25.00 per 100
2 to 3 ft. . . 17.50 per 100

PRIVET, Lodense. A splendid new introduction. This shrub has been tested for eight years in all parts of the country and found very satisfactory. Under average conditions it attains a height of about eighteen to twenty-four inches. It begins branching immediately at the ground line and even the small plants present a very bushy appearance. The Lodense Privet carries a profusion of shining, deep green leaves. These appear very early in the spring and not being injured by autumn frosts they remain green usually through November. The plant stands shearing well and presents a beautiful appearance whether grown naturally or trimmed. Growing naturally in round uniform heads, it is an effective plant for use in foundation plantings. By reason of this habit, it is also a desirable shrub for planting in pots, tubs, window boxes, etc. Its general effect is very similar to boxwood.

12 to 15 in. \$15.00 per 100
18 to 24 in. 20.00 per 100

RUGOSA ROSE. (Rosa Rugosa). This plant makes a very nice untrimmed hedge. The foliage is attractive and the flowers are highly ornamental. Plants should be cut back to within a foot of the ground early each spring to produce strong flowering shoots.
2 to 3 ft. \$25.00 per 100

SPIREA BRIDAL WREATH. (Spirea Van Houttei). The splendid, graceful foliage and lovely white flowers of this plant, make it very desirable for use where an unsheared hedge is desired. It is perfectly hardy and thrifty growing. Should be trimmed only if required to remove very old branches and dead wood.
12 to 18 in. . \$15.00 per 100 2 to 3 ft. . . \$25.00 per 100
18 to 24 in. . 20.00 per 100

WILLOW, GOLDEN. (Salix Vitellina Aurea). A very rapid growing coarse hedge suitable as a screen or wind break. The golden-yellow bark is especially attractive in winter.
2 to 3 ft. . . \$8.00 per 100 3 to 4 ft. . . \$10.00 per 100

Alpine Currant Hedge

Ornamental Trees

Plant trees for shade and beauty. At slight expense you can plant a tree that will grow into priceless value.

ASH, White. (*Fraxinus Americana*). A tall growing native tree. Comparatively free from insect pests and a clean tree. It is very desirable for use as a lawn specimen or for the boulevard.

5 to 6 ft. high..	\$0.50	1½ in. diam....	\$1.50
6 to 8 ft. high..	.75	2 in. diam....	2.50
8 to 10 ft. high..	1.00	2½ in. diam....	3.25
		3 in. diam....	4.00

BASSWOOD or AMERICAN LINDEN. (*Tilia Americana*). A stately native tree with large, heart shaped leaves and fragrant white blossoms. Splendid for lawn or boulevard planting.

6 to 8 ft. high..	\$0.75	1½ in. diam....	\$2.00
8 to 10 ft. high..	1.00	2 in. diam....	3.00
		2½ in. diam....	4.00

BIRCH, Canoe, White or Paper. (*Betula Papyrifera*). A desirable graceful tree with slender branches and silvery white bark. Especially effective when planted among or near evergreens.

5 to 6 ft. high..	\$0.75	1½ in. diam....	\$3.00
6 to 8 ft. high..	1.25	2 in. diam....	5.00
8 to 10 ft. high..	1.75		

BIRCH, Cut Leaf Weeping. (*Betula Alba Pendula*). Silvery white bark, a graceful drooping habit of growth. Leaves very fine and deeply cut. An excellent ornamental tree.

5 to 6 ft. high..	\$1.50	1½ in. diam....	\$4.25
6 to 8 ft. high..	2.25	2 in. diam....	5.00
8 to 10 ft. high..	3.25		

Bolleana Poplar

BOX ELDER. (*Acer Negundo*). A hardy, native tree of spreading habit and rapid growth. Thrives in difficult locations.

5 to 6 ft. high...	\$0.50	8 to 10 ft. high..	\$1.00
6 to 8 ft. high...	.75		

BUTTERNUT. (*Juglans cinerea*). A native tree of medium size. Foliage light green, bark gray. Edible nuts.

5 to 6 ft. high..	\$1.00	1½ in. diam....	\$3.00
6 to 8 ft. high..	1.50	2 in. diam....	4.00
8 to 10 ft. high..	2.00		

CATALPA, Hardy. (*Catalpa Speciosa*). Showy fragrant flowers in large panicles. Very large heart-shaped leaves. A decorative lawn tree.

6 to 8 ft. high..	\$1.00	1½ in. diam....	\$2.25
8 to 10 ft. high..	1.50	2 in. diam....	3.00

CHOKECHERRY. (*Prunus Virginiana*). A small tree with rough, speckled bark and a strong odor when bruised. White flowers in short racemes in early spring. Very fragrant. The red or amber colored fruit is the size of a pea. The puckery fruit may be used for jelly.

3 to 4 ft. high...	\$0.75	4 to 5 ft. high...	\$1.00
--------------------	--------	--------------------	--------

CRAB, Bechtel's Double Flowering. (*Malus Ioensis*). A small tree with very lovely, double, fragrant, rose-like pink flowers. Splendid small tree for the lawn or when planted in the shrub border.

2 to 3 ft. high...	\$0.50	4 to 5 ft. high...	\$1.25
3 to 4 ft. high...	.75	5 to 6 ft. high...	2.00

CRAB, Dolgo. A highly ornamental tree. The tree not only serves as a handsome lawn specimen but produces beautiful bright red fruit of fine quality which makes a red colored jelly of excellent flavor.

4 to 5 ft. high...	\$0.75	6 to 7 ft. high...	\$1.75
5 to 6 ft. high...	1.00		

CRAB, Hopa. The red new foliage and the beautiful single red blossoms which completely cover the tree in the early spring make this tree the most attractive of spring flowering ornamental trees. The fruit is small, red inside and out, remaining on the tree until autumn. The tree is hardy and blooms while very young.

3 to 4 ft. high...	\$0.75	5 to 6 ft. high...	\$1.50
4 to 5 ft. high...	1.00	6 to 7 ft. high...	2.00

CRAB, Ornamental No. 635. A very fine new flowering crab originated at the Minnesota Fruit Breeding Station. The beautiful red fruit clings to the tree until mid-winter, long after the leaves have fallen. Makes a very fine colored jelly. Worthy a place in every yard. Of the ornamental trees this one attracted more attention than any other in our nursery last fall.

3 to 4 ft. high...	\$0.75	5 to 6 ft. high...	\$1.50
4 to 5 ft. high...	1.00	6 to 7 ft. high...	2.00

ELM, Chinese. (*Ulmus Parvifolia*). A fast growing, small leaved tree with a bushy head. This recent introduction is very hardy, thriving under dry conditions. Will be a favorite when better known. A very desirable tree for the lawn.

4 to 5 ft. high...	\$0.50	8 to 10 ft. high..	\$1.50
5 to 6 ft. high...	.75	1¼ to 1½ in.	
6 to 8 ft. high...	1.00	diam.....	2.00
		2 in. diam.....	3.50

ELM, American. (*Ulmus Americana*). This majestic tree is noted for its graceful beauty. It is perfectly hardy and of comparatively rapid growth. It is one of the most largely used trees for street planting and as a shade tree for lawns and parks. A very fine tree in every respect.

5 to 6 ft. high..	\$0.50	1½ in. diam....	\$2.00
6 to 8 ft. high..	.75	2 in. diam....	2.50
8 to 10 ft. high..	1.00	2½ in. diam....	3.50
		3 in. diam....	5.00

HACKBERRY. (*Celtis Occidentalis*). A hardy, native tree. The leaves resemble the Elm and the bark is very thick and rough. A handsome broad spreading tree. Brownish black berries in the fall.

5 to 6 ft. high . . . \$0.75	8 to 10 ft. high . . \$1.50
6 to 8 ft. high . . . 1.00	1 1/2 in. diam. . . . 2.50

HORSECHESTNUT, Ohio Buckeye. (*Aesculus Glabra*). In May it is covered with erect spikes of white flowers and later bears large mahogany colored nuts. A desirable tree for an ornamental lawn specimen.

3 to 4 ft. high . . . \$1.50	6 to 7 ft. high . . \$4.00
4 to 5 ft. high . . . 2.00	7 to 8 ft. high . . 5.00
5 to 6 ft. high . . . 3.00	8 to 10 ft. high . . 8.00

LOCUST, Common or Black Locust. (*Robinia Pseudacacia*). Fragrant white flowers in drooping racemes. Pods brown with many seeds. Valuable for ornamental plantings.

6 to 8 ft. high . . \$1.50	1 1/2 in. diam. . . . \$3.00
8 to 10 ft. high . . 2.00	

LOCUST, Thornless. (*Robinia Pseudacacia Inermis*). A variety of the Honey Locust, without the usual large branched spines.

5 to 6 ft. high . . . \$1.50	8 to 10 ft. high . . \$3.00
6 to 8 ft. high . . . 2.00	

MAY DAY TREE or EUROPEAN BIRD CHERRY. (*Prunus Padus Communata*). A small flowering tree producing large clusters of white fragrant flowers followed by shining black berries. It blossoms about the first of May.

8 to 10 ft. high . . \$3.50	2 in. diam. \$5.00
-----------------------------	----------------------------

MAPLE, Norway. (*Acer Platanoides*). A large, handsome tree with round spreading head. The leaves turn pale yellow in autumn. The broad leaves of dark green color cast a dense shade. Fine ornamental shade tree.

6 to 8 ft. high . . . \$2.00	8 to 10 ft. high . . \$3.00
------------------------------	-----------------------------

MAPLE, Schwedler's. (*Acer Platanoides Schwedleri*). One of our most ornamental shade trees. The foliage, dark red in the spring gradually turns to green later in the season. The leaf coloring of this tree makes it one of the most desirable of our shade trees.

6 to 8 ft. high . . . \$2.50	8 to 10 ft. high . . \$4.00
------------------------------	-----------------------------

Horse Chestnut

Wier's Cut Leaved Maple

MAPLE, Silver. (*Acer Dasycarpum*). A rapid growing, hardy, easily transplanted tree. The foliage and branches of the tree are clean looking and attractive. A very good tree where fast growth is essential.

5 to 6 ft. high . . \$0.50	2 in. diam. . . . \$3.00
6 to 8 ft. high . . .75	2 1/2 in. diam. . . . 4.00
8 to 10 ft. high . . 1.50	3 in. diam. . . . 5.00
1 1/2 in. diam. . . . 2.00	

MAPLE, Sugar or Hard. (*Acer Saccharum*). A large tree of stately beauty. The ascending branches attain a symmetrical oval head. Bark light brown-gray. Leaves smooth, varying from a bright light green to deep green above, coloring beautifully in the fall.

6 to 8 ft. high . . \$1.25	1 1/2 in. diam. . . . \$3.00
8 to 10 ft. high . . 2.00	

MAPLE, Tatarian. (*Acer Tataricum Ginnala*). A graceful shrub-like tree with handsome foliage which turns to bright red in autumn. The brilliance of this coloring is unsurpassed.

2 to 3 ft. high, bushy	\$0.25
3 to 4 ft. high, bushy40
4 to 5 ft. high, bushy60

MAPLE, Wier's Cut-Leaved. (*Acer Dasycarpum Wierii*). A weeping form of the maple. The branches are slender and drooping, presenting a most interesting, attractive and graceful appearance.

6 to 8 ft. high . . \$2.00	1 1/2 in. diam. . . . \$3.50
8 to 10 ft. high . . 2.50	

MOUNTAIN ASH, European. (*Sorbus Aucuparia*). This tree thrives well in our cold climate. In form it is round headed. White flowers in May. The fruit which clings for a long time is orange-red in color, and is attractive to birds.

4 to 5 ft. high . . . \$0.50	8 to 10 ft. high . . \$1.50
5 to 6 ft. high75	1 1/2 in. diam. . . . 2.50
6 to 8 ft. high . . . 1.00	2 in. diam. . . . 4.00

MOUNTAIN ASH, Oak-Leaved. (*Sorbus Quercifolia*). The upright branches of this tree form a pyramidal head. The leaves are shaped similar to those of the Oak. White flowers are followed by orange-crimson berries. A splendid variety for lawn plantings.

4 to 5 ft. high . . . \$1.00	5 to 6 ft. high . . . \$1.50
------------------------------	------------------------------

MOUNTAIN ASH, Weeping. (*Sorbus Aucuparia Pendula*). The best tree of the extremely pendulous type for the north. The fruit and flowers are identical with the European Mountain Ash.

6 to 7 ft. 2 years head. \$3.00

MULBERRY, Russian. (*Morus Alba Tatarica*). A low growing very bushy topped small tree. Leaves small and many lobed. The edible fruit is sweet and resembles a blackberry. Attractive to the birds.

5 to 6 ft. high . . . \$1.00 8 to 10 ft. high . . \$3.00
6 to 8 ft. high . . . 2.00

PIN or BIRD CHERRY. (*Prunus Pennsylvanica*). The slender, red barked branches are covered with small white flowers which appear at the same time as the light green leaves. The light cherry-red fruit is about the size of a pea. This is an interesting ornamental tree.

3 to 4 ft. high . . . \$1.00 4 to 5 ft. high . . . \$1.50

PLUM, Purple-Leaved. (*Newport*). Highly decorative small tree. For description see page 9.

POPLAR, Black. (*Populus Nigra*). Tree of medium to large size with leaves resembling those of the Cottonwood but smaller. Pyramidal habit of growth. Thrives in smoky or down town locations where most other trees die.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.00
6 to 8 ft. high75

POPLAR, Bolleana. (*Populus Bolleana*). Of erect, columnar form. The leaves are dark green on the upper surface and white beneath. The bark is silvery gray. Very showy in appearance.

4 to 5 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.50
5 to 6 ft. high75 1½ in. diam. . . . 3.00
6 to 8 ft. high . . . 1.00 2 in. diam. . . . 4.00

POPLAR, Carolina. (*Populus Eugenei*). Of extremely rapid growth. The branches form an upright, somewhat pyramidal head. The foliage is large, thickly borne, bright and glossy. Will grow in almost any soil.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.00
6 to 8 ft. high75 1½ in. diam. . . . 2.00

POPLAR, Lombardy. (*Populus Fastigiata*). Unique and conspicuous on account of its erect, columnar form. A rapid growing tree of clean habit. Striking and picturesque when grouped with other trees. Fine for a tall screen.

4 to 5 ft. high . . . \$0.35 8 to 10 ft. high . . \$1.00
5 to 6 ft. high50 1½ in. diam. . . . 2.00
6 to 8 ft. high75 2 in. diam. . . . 3.00

POPLAR, Norway. A hardy rapid growing tree. Resembles the Carolina Poplar.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.00
6 to 8 ft. high75 1½ in. diam. . . . 2.00

POPLAR, Richards. (*Populus Richardi*). The gold and silver foliage with which this tree is adorned all summer makes it conspicuously attractive. It is a large tree good as a fast growing specimen or for background plantings.

6 to 8 ft. high . . . \$1.25 8 to 10 ft. high . . \$2.00

POPLAR, Silver. (*Populus Alba Nivea*). The striking feature of this tree is its leaves which are dark glossy green above and snow-white beneath. Leaves are Maple-like in form. Useful for foliage effects in large plantings.

5 to 6 ft. high . . . \$1.00 8 to 10 ft. high . . \$3.00
6 to 8 ft. high . . . 2.00

POPLAR, Simon. (*Populus Simonii*). This is an upright tree with a narrow straight top. Leaves thick and firm. It is a desirable tree for occasional plantings. A very rapid grower and useful where a quick growing screen is wanted.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.50
6 to 8 ft. high . . . 1.00 1½ in. diam. . . . 2.00

WALNUT, Black. (*Juglans Nigra*). A majestic native tree. Leaves are bright yellow green turning yellow in autumn. The nut is almost round, the meat of which is sweet, richly flavored and oily.

6 to 8 ft. high . . . \$2.00

WILLOW, Golden. (*Salix Vitellina Aurea*). A rapid growing large tree. The bright golden-yellow bark offers a pleasing contrast wherever used, and is very ornamental.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.50
6 to 8 ft. high . . . 1.00

WILLOW, Laurel-Leaved. (*Salix Pentandra*). A small tree eighteen to twenty feet high with large, glossy, dark green leaves. General form of tree is round.

5 to 6 ft. high . . . \$0.50 8 to 10 ft. high . . \$1.50
6 to 8 ft. high . . . 1.00

WILLOW, Niobe. (*Salix Vittelina*). (*Niobe*). A beautiful weeping tree with golden bark. The graceful drooping branches are ornamental both summer and winter.

5 to 6 ft. high . . . \$0.60 8 to 10 ft. high . . \$1.75
6 to 8 ft. high . . . 1.00 1½ in. diam. . . . 2.50

WILLOW, Pussy. (*Salix Discolor*). A shrub or short trunked tree. The leaves are a smooth, bright green above and whitish beneath. The pussy buds on this variety are very attractive. This willow will grow in dry ground and is excellent for shrubby borders.

5 to 6 ft. high . . . \$1.00 8 to 10 ft. high . . \$2.00
6 to 8 ft. high . . . 1.50

WILLOW, Wisconsin Weeping. (*Salix Dolorosa*). The best suited Weeping Willow for this section on account of its hardiness. Quick growing and of clean habit. It is a desirable tree.

5 to 6 ft. high . . . \$0.60 8 to 10 ft. high . . \$1.75
6 to 8 ft. high . . . 1.00 1½ in. diam. . . . 2.50

American White Elm

The Beautiful Exterior is a silent recommendation of this apartment building, corner Park Avenue and 26th Street, Minneapolis, Anderson-Nelson Co., Managers. Designed and planted by Rose Hill Nursery, April, 1930.

Evergreens

THE popularity of Evergreens is indeed merited. They are beautiful immediately after planting and continue to present their beauty the whole year around. The cheerful color of evergreens is especially appreciated during the winter. Do not overlook planting a living Christmas tree in your front yard. You are invited to study the many beautiful specimens at our nursery where you will find many acres of choice trees to select from.

PRICES INCLUDE BALLING AND BURLAPPING OF ALL EVERGREENS. This means that the tree is dug from the soil with the earth remaining undisturbed about the roots of the tree. The ball of earth is securely fastened with burlap. This method practically insures safe transplanting.

In some varieties we have larger sizes than listed, upon which we will be glad to quote prices.

ARBORVITAE, American. (Thuja Occidentalis). A native evergreen. Usually grows bushy at the bottom tapering toward the top. Color a rich dark green. Stands trimming well and is therefore suitable for hedges. Also very decorative singly or in groups. Will grow in partial shade.

Each	Each
18 to 24 in.....\$1.00	4 to 5 ft.....\$4.00
24 to 30 in..... 1.50	5 to 6 ft..... 6.50

Pyramidal Arbor Vitae

Mugho Pine

PINE, Scotch. (*Pinus Sylvestrus*). A large, rapid growing tree with spreading branches. Leaves bluish green about three inches long. Cones reddish brown. Very hardy and especially desirable as a wind break or as a background to shrubbery.

1½ to 2 ft.....	\$1.50	3 to 4 ft.....	\$4.00
2 to 2½ ft.....	2.00	4 to 5 ft.....	6.00
2½ to 3 ft.....	2.50	5 to 6 ft.....	10.00

PINE, White. (*Pinus Strobus*). The horizontal branches form a symmetrical open pyramid. The leaves are soft, bluish green in color and between three and four inches long. Cones slender, often curved, two to four inches long. A very valuable ornamental tree of rapid growth.

2 to 3 ft.....	\$2.50	4 to 5 ft.....	\$7.50
3 to 4 ft.....	4.00	5 to 6 ft.....	12.00

SPRUCE, Black Hills. (*Picea Canadensis Albertiana*). Foliage varies from green to bluish tint, and is at all times bright and fresh looking. The tree is symmetrical, compact and bushy, and one of the hardiest of all spruces. Planted as a lawn specimen or in the border it is eminently satisfactory.

12 to 18 in.....	\$0.75	3 to 4 ft.....	\$3.00
18 to 24 in.....	1.00	4 to 5 ft.....	5.00
24 to 30 in.....	2.00	5 to 6 ft.....	10.00
30 to 36 in.....	2.50	6 to 7 ft.....	15.00

SPRUCE, Colorado Blue. (*Picea Pungens Glauca*). A beautiful tree, well known and admired by all. The blue color is brightest in early summer and gradually changes during the summer to a dull blue color. The tree is perfectly hardy and constitutes one of the most beautiful specimen evergreens available.

12 to 18 in.....	\$2.50	3 to 4 ft.....	\$10.00
18 to 24 in.....	4.00	4 to 5 ft.....	17.50
24 to 30 in.....	5.00	5 to 6 ft.....	25.00
30 to 36 in.....	6.50	6 to 7 ft.....	30.00

SPRUCE, Colorado Green. Vigorous and hardy, resembling the Colorado Blue Spruce except the foliage is green.

12 to 18 in.....	\$1.75	3 to 4 ft.....	\$7.50
18 to 24 in.....	3.00	4 to 5 ft.....	10.00
24 to 30 in.....	4.00	5 to 6 ft.....	15.00
30 to 36 in.....	5.00	6 to 7 ft.....	20.00

SPRUCE, Koster's Blue. (*Picea Pungens Glauca Kosterii*). Much like the above with color of foliage bright silvery blue.

6 to 7 ft.....	\$50.00	7 to 8 ft.....	\$60.00
----------------	---------	----------------	---------

SPRUCE, Norway. (*Picea Excelsa*). Very hardy, rapid growing. An elegant tree of pyramidal form and drooping habit. Very desirable for screens or shelter belts.

12 to 18 in.....	\$0.75	3 to 4 ft.....	\$3.50
18 to 24 in.....	1.00	4 to 5 ft.....	5.00
24 to 30 in.....	2.00		

SPRUCE, White. (*Picea Canadensis*). The needles are short, sharp-pointed and of a bluish green color. It grows fast, thriving in extremely cold climates. Especially suitable for tall backgrounds and wind-breaks.

12 to 18 in.....	\$0.75	3 to 4 ft.....	\$3.00
18 to 24 in.....	1.00	4 to 5 ft.....	5.00
24 to 30 in.....	2.00

Savin Juniper

Hardy Perennial Flowers

PERENNIALS add the finishing touch to the yard and garden. Containing all the colors of the rainbow they bring cheer and fragrance to the garden, to the doorstep and to the home, and yet with all their beauty and delicacy they are easy to grow and dependable in bloom.

There are literally hundreds of varieties of Peonies, Iris, Gladioli and other flowers to select from. Plant them in front of shrubs, along the hedge or walk, in a vegetable garden and in a garden by themselves, and then your grounds will be blessed with the magic touch of nature's loveliest gift.

The plants we offer are strong field grown perennials which in most varieties will bloom freely the first season and should not be confused with seedling plants so often offered for sale.

Dozen Rate—Six plants of one kind at the dozen rate. If shipment is wanted by parcel post please add 5c additional for each perennial.

ACHILLEA EUPATORIUM. Fern-leaved Yarrow. Brilliant yellow flowers in flat heads. Foliage finely cut. May be dried for winter bouquets. Three to four feet. 25c each. Dozen \$2.25.

ACHILLEA MILLEFOLIUM. Rosy Milfoil. Dense heads of rosy pink flowers on eighteen inch stems. Blooms July to October. 25c each. Dozen \$2.25.

ACHILLEA PTARMICA. Perry's White. The pure white double flowers bloom from June to September. Excellent for cutting. 1 to 2 ft. 25c each. Dozen \$2.25.

ACHILLEA PTARMICA. Ball of Snow. Double flowers of the purest white borne freely most of the summer. An improvement on the Pearl. 1½ to 2 ft. 25c each. Dozen \$2.25.

ACONITUM FISCHERI. Monkshood. Dark blue flowers produced in September and October. A low growing variety being 2 to 3 feet high. Very hardy and attractive. 35c each. Dozen \$3.25.

ACONITUM NAPELLUS BICOLOR. The flowers are blue and white on straight spikes about 3 to 4 feet tall. July and August. 35c each. Dozen \$3.25.

ACONITUM SPARK'S VARIETY. Tall branched spikes 4 to 5 feet high. Blooms in July and August with deep blue flowers. 35c each. Dozen \$3.25.

ALYSSUM SAXATILE COMPACTUM. Bright yellow flowers in broad masses in early spring. Fine for rockery or border. 1 foot. April to June. 25c each. Dozen \$2.25.

ANCHUSA ITALICA. Dropmore. Stately plants of easy culture growing 4 to 5 feet high and producing masses of rich gentian blue flowers in June and July. 25c each. Dozen \$2.25.

ANEMONE HUPEHENSIS. A very pleasing mauve-rose flower 12 to 14 inches high, blooming from early August until late in fall. Flowers about 1½ inches in diameter. Fine for rock gardens. 25c each. Dozen \$2.25.

ANTHEMIS TINCTORIA. Golden Marguerite. Golden yellow Daisy-like flowers produced all summer. Finely cut foliage. 1 to 2 feet. 25c each. Dozen \$2.25.

AQUILEGIA CANADENSIS. American Columbine. The native bright red and yellow variety. Blooms June to August, 2 feet high. 25c each. Dozen \$2.25.

AQUILEGIA CRYSANTHA. Golden Columbine. The beautiful golden yellow flowers are in bloom for two months. 2 feet. 25c each. Dozen \$2.25.

AQUILEGIA CAERULEA. Colorado Columbine. Lovely blue flowers with long spurs. June and July. 2 feet. 25c each. Dozen \$2.25.

AQUILEGIA, Pink. A very lovely, long spurred, pink flower. A splendid addition to the Aquilegias. 25c each. Dozen \$2.25.

ARABIS ALPINA. Alpine Rockcress. Dense masses of pure white flowers. 10 to 12 inches, blooms May to August. Fine for border and rockery. 25c each. Dozen \$2.25.

ARTEMISIA. Silver King. A striking plant with silvery gray leaves. A brilliant contrast plant in the garden, and lovely when cut for winter bouquets. 3 feet. 25c each. Dozen \$2.25.

ASTER ALPINUS GOLIATH. Showy bluish purple flowers in May and June. 6 to 10 inches. Fine for rockery or edge of borders. Plant in full sun. 25c each. Dozen \$2.25.

ASTER ALPINUS RUBRA. Plant 6 to 10 inches high producing rose purple flowers in May and June. A good rock garden or edging plant. Plant in full sun. 25c each. Dozen \$2.25.

Hardy Aster or Michaelmas Daisy

This group of lovely autumn flowering perennials is of splendid value for use as a show flower in the garden or as cut flowers. The flowers are produced in great profusion on long stems that hold the blooms strongly upright and make cutting easy. Average height 3 to 4 feet. The following named varieties give a wide range of colors to choose from.

BLUE GEM. Double flowers of rich blue. 25c each. Dozen \$2.25.

Achillea—Perry's White

ERICA. Large semi-double flowers of a lovely pink. 25c each. Dozen \$2.25.

MRS. V. C. ROBINSON. Bluish mauve, double flowers in long sprays. 25c each. Dozen \$2.25.

NOVAE ANGLIAE. Beautiful deep violet blue flowers. 25c each. Dozen \$2.25.

NOVAE BELGI. Reddish pink. One of the deepest colors. 25c each. Dozen \$2.25.

PEGGY BALLARD. Large sprays of double rosy mauve flowers. 25c each. Dozen \$2.25.

SAM BENHAM. Early flowering, semi-double white, large flowers. Very fine for cutting. 25c each. Dozen \$2.25.

BAPTISIA AUSTRALIS. False Indigo. Pea shaped flowers of dark blue in June. Produced on 2-foot spikes. Good foliage. 25c each. Dozen \$2.25.

BOLTONIA ASTEROIDES. False Chamomile. A tall handsome plant, blooming profusely with white flowers in late summer and excellent for the hardy border. Of easiest culture. Blossoms August and September. 4 to 5 feet. 25c each. Dozen \$2.25.

BOLTONIA LATISQUAMA. Profusely covered with lavender-pink flowers on plant 4 to 6 feet tall. August and September. 25c each. Dozen \$2.25.

CAMPANULA CALYCANTHEMA. Cup and Saucer. A tall, erect growing biennial. Flowers large, cup and saucer shaped during late May and June. Colors, blue and white. 25c each. Dozen \$2.25.

CAMPANULA CARPATICA. Carpathian Harebell. A dwarf, compact plant 8 to 10 inches high. Flowers clear blue, bell shaped, in July and August. A good border plant. 25c each. Dozen \$2.25.

CAMPANULA MEDIUM. Canterbury Bells. Large, bell shaped flowers in blue, pink or white. A biennial 3 feet tall. Blooms late June and July. 25c each. Dozen \$2.25.

CAMPANULA PYRAMIDALIS. Chimney Bellflower. Spikes four to six feet high covered with blue or white star shaped flowers. July and August. 25c each. Dozen \$2.25.

CARNATION, Hardy Everblooming. The delightful flowers are about the size of a half dollar, deep red in color, very double and blooms continuously all summer. Fine in the garden border and excellent for cutting. 25c each. Dozen \$2.25.

CASSIA MARILANDICA. Indian Senna. Showy yellow flowers during August and September. Handsome pinnate foliage. 10 to 12 inches. Fine rockery plant. 25c each. Dozen \$2.25.

CENTAUREA MONTANA. Perennial Cornflower. Attractive violet-blue flowers, thistle-like in form. Blooms July to September. 2 feet. 25c each. Dozen \$2.25.

CENTAUREA DEALBATA. Large attractive rose-pink flowers thistle-like in form. July and August. 2 feet. 25c each. Dozen \$2.25.

CERASTIUM TOMENTOSUM. Snow in Summer. Snow-white flowers produced in abundance during June through August. Silvery white foliage. 10 to 12 inches tall. Fine for borders or rock gardens. 25c each. Dozen \$2.25.

CHRYSANTHEMUMS, Hardy. Due to the fine fall weather we obtained splendid flowers from our hardy Chrysanthemums last season. The blooms that were produced were truly lovely. It must be borne in mind, however, when planting these plants, that without the favorable condition of a long fall there is a possibility that no bloom will be obtained. We offer them in creamy white, red and yellow colors. 25c each. Dozen \$2.25.

COREOPSIS. An abundance of golden yellow flowers from June until October. Makes a fine showing in the garden and splendid for cutting. 2 feet. 25c each. Dozen \$2.25.

Dahlias

A splendid late summer and autumn flowering plant and fully deserving of wide spread popularity. The wide color range offers a most attractive selection. The roots must be dug up after the first frosts and stored in cellar over winter.

CRIMSON GIANT. Richest glowing red; very strong vigorous grower. 25c each. Dozen \$2.25.

CUBAN GIANT. Large deep crimson shaded maroon, fine form, long stems. 25c each. Dozen \$2.25.

GOLDEN WEDDING. A giant in flower and plant. Deep golden yellow. 25c each. Dozen \$2.25.

JACK ROSE. The best crimson for garden or cutting. 25c each. Dozen \$2.25.

KRIEMHILDE. Deep rose-pink with lighter center. A fine cactus dahlia. 25c each. Dozen \$2.25.

MADONNA. White suffused a soft lavender pink; very fine. 25c each. Dozen \$2.25.

MINA BURGLE. Rich cardinal red, vigorous grower, very choice. 25c each. Dozen \$2.25.

SYLVIA. Deep pink tinting to flesh pink at center; large perfect form on long stiff stems. One of the best for cutting or garden. 25c each. Dozen \$2.25.

Larkspurs

DELPHINIUM BELLADONNA. One of the most continuous bloomers of all Larkspurs, with delicate clear turquoise blue flowers. 4 to 5 feet. 25c each. Dozen \$2.25.

DELPHINIUM CHINENSE. Handsome feathery foliage and deep gentian blue flowers. June through September. 1 to 2 feet. 25c each. Dozen \$2.25.

DELPHINIUM CHINENSE ALBUM. A pure white form of the above. 25c each. Dozen \$2.25.

DELPHINIUM GOLD MEDAL HYBRIDS. This is an extra fine strain of strong, vigorous habit with large spikes of flowers from two to three feet long, in fine

Remember to ask for the special premium, your selection of one of the plants in the list top of page 1, absolutely free with an order amounting to \$2.00 or over.

Columbines

shades of light blue to deep indigo blue and royal purple with pastel tones of mauve, pink and lavender blendings. Some forms are double, some single. 5 to 6 feet. 25c each. Dozen \$2.25.

DELPHINIUM INDIGO. A very deep purple shade. Flowers on spikes 15 to 18 inches long, excellent for cutting. Blooms for a long period if kept cut. 25c each. Dozen \$2.25.

DIANTHUS ALPINUS ALLWOODI. Glossy leaves and large flowers in various shades of rose and pink. July and August. 6 inch. Splendid for rock gardens. 25c each. Dozen \$2.25.

DIANTHUS BARBATUS. Sweet William. The old-fashioned garden favorite. Flowers in colors of red, white and pink. 1½ to 2 feet. Blooms late May to July. 25c each. Dozen \$2.25.

DIANTHUS LATIFOLIUS ATROCOCCINEUS. FL. PL. Double Everblooming Sweet William. Masses of deep scarlet flowers all summer. 10 to 12 inches high. 25c each. Dozen \$2.25.

DIANTHUS PLUMARIUS. Grass Pink. Fragrant flowers in rose-pink and white. Handsome blue-green foliage. Splendid for rock garden or for edging. Blooms continuously if flowers are cut. 10 to 12 inches. 25c each. Dozen \$2.25.

DICENTRA EXIMIA. Plumy Bleeding Heart. Beautiful finely cut foliage and pink heart-shaped flowers. Blooms throughout the season. 12 to 18 inches. 40c each.

DICENTRA SPECTABILIS. Bleeding Heart. The heart-shaped pink flowers have long been a favorite. Late April and May. 2 to 3 feet. 35c each. Dozen \$3.25.

DICTAMNUS FRAXINELLA RUBRA. Gas Plant. The quaintly formed flowers are rose-pink in color. Leaves are ash like. June and July. 2½ feet. 25c each. Dozen \$2.25.

DIGITALIS GLOXINIAEFLORA. Foxglove. This stately plant is a biennial, bearing spikes of long tubular flowers in rose, purple and white. 3 to 4 feet. Late June and July. 25c each. Dozen \$2.25.

ERYSIMUM PULCHELLUM. Fairy Wallflower. The sulphur-yellow flowers are borne on a dwarf plant 6 inches high. Splendid for the rock garden. Late April to July. 25c each. Dozen \$2.25.

Larkspur—Gold Medal Hybrids

Double Hollyhock

FERNS, Hardy. Very fine for shaded locations where other plants will not thrive. We offer assorted hardy native varieties. 25c each. Dozen \$2.25.

FORGET-ME-NOT. See Myosotis.

FUNKIA CAERULEA. Blue Plantain Lily. Handsome dark green foliage with blue lily-like flowers, borne on drooping spikes. Stands partial shade. Blooms July and August. 12 to 18 inches. 25c each. Dozen \$2.25.

FUNKIA SUBCORDATA GRANDIFLORA. White Plantain Lily. Bears large pure white lily-shaped flowers. 12 to 18 inches. 50c each.

FUNKIA VARIEGATA. Most attractive with its wide leaves of glossy green variegated with white and blue

flowers. Will grow in partial shade. Blooms July and August. 12 to 18 inches. 35c each. Dozen \$3.25

- GAILLARDIA GRANDIFLORA. Blanket Flower.** A very showy flower in the garden and splendid for cutting. The center is dark red while the petals are crimson and yellow. A profusion of bloom from June to frost. 18 to 24 inches tall. 25c each. Dozen \$2.25.
- GEUM MRS. BRADSHAW.** The large double flowers of fiery orange-red bloom nearly all summer. Tufted habit of growth. Fine for border and rock gardens. 12 to 18 inches. 25c each. Dozen \$2.25.

Gladiolus

For beautiful flowers available from July until late fall, there are none more dependable or magnificent than the Gladioli. Planted in clumps they are attractive in the garden and as a cut flower they have no peer. By planting at intervals, about one week apart, starting the first part of May and continuing to the middle of June, a succession of bloom may be had from July until late fall. Plant the bulbs in cultivated well drained soil about 5 inches deep. They do best in full sun. When cutting 3 or 4 leaves should be left to the plant which will allow the bulb to properly mature. After the first killing frost, take the bulbs up carefully and cut off the stalk about 1 inch from the bulb and allow it to dry about one week. Then pack in shallow boxes and place for the winter in a cool dry cellar where the temperature will not go below freezing. The following varieties are among the most lovely and dependable.

ROSE HILL BLUE RIBBON COLLECTION

This assortment of bulbs consists of a wide range of colors and is sure to give you perfect satisfaction. 35c per dozen.

- BARON HULOT.** Rich deep indigo blue. A fine medium sized flower. 10c each. 75c per dozen.
- CRIMSON GLOW.** Extra large flowers. Tall spike of a brilliant crimson. 10c each. 75c per dozen.
- DR. F. E. BENNETT.** A very desirable variety with large, brilliant, fiery red flowers. 10c each. 75c per dozen.
- GLORIANA.** A strong grower. Flowers rich salmon with creamy blotch. Choice. 10c each. 75c per dozen.
- GOLDEN DREAM.** A very fine, deep golden yellow. A strong, tall grower. A truly beautiful flower. 15c each. \$1.50 per dozen.
- HELEN FRANKLIN.** A very beautiful ruffled white with markings in the throat. 10c each. 75c per dozen.

Dictamnus Rubra—Gas Plant

- LE MARSHALL FOCH.** Early, profuse and massive. Blush white, throat faintly mottled lilac, and striped crimson. 10c each. 75c per dozen.
- LONGFELLOW.** Excellent pink. One of the loveliest. 15c each. \$1.50 per dozen.
- LOUISE.** Beautiful orchid-lavender with a blotch of deeper color in the center. Flower of immense size. 10c each. 75c per dozen.
- MARY PICKFORD.** Creamy white, throat a soft sulphur yellow. A lovely flower. 10c each. 75c per dozen.
- MRS. FRANCIS KING.** An attractive shade of light scarlet or flame color. A full spike. Strong grower. 10c each. 75c per dozen.
- MRS. F. PENDLETON.** Light pink thickly blotched with blood red on throat. A spectacular and lovely variety. 10c each. 75c per dozen.
- ODIN.** Salmon red. Somewhat similar but superior to Halley. 10c each. 75c per dozen.
- PEACE.** White with claret blotch on lower petal and pale lilac featherings. A grand large flower. 10c each. 75c per dozen.
- SCHWABEN.** Smooth sulphur yellow; the lowers coated deep canary with a violet blotch. A strong growing, showy sort. 10c each. 75c per dozen.
- SCARLET PRINCEPS.** An iridescent color, shifting from shining scarlet to rich red. The flower has lovely shape. 10c each. 75c per dozen.
- WILBRINK.** Blush pink with coral base and lilac outer suffusions; the lowers gilded with streaks of crimson violet. 10c each. 75c per dozen.
- WILLY WIGMAN.** A beautiful blush white, long bright scarlet blotch on lower petals. Very attractive. 10c each. 75c per dozen.

Gladioli Primulinus Hybrid

A modern type of early bloom with small flowers of perfect form. The following varieties are especially attractive.

- ALICE TIPLADY.** Bright, clear orange-salmon, two of the lowers bronze with carmine penciling. 10c each. 75c per dozen.
- DOROTHY WHEELER.** A very lovely pink, exceptionally attractive flower. 10c each. 75c per dozen.
- JEWEL.** Blush and peach-pink over cream; two of the lowers canary yellow with slight crimson featherings. 10c each. 75c per dozen.
- SALMON BEAUTY.** A deep salmon with a rich salmon yellow throat. Tall, straight grower and open flowers. 10c each. 75c per dozen.

- GYPHOPHILA PANICULATA. Baby's Breath.** Remarkably numerous starry, single white flowers, borne on thread-like stalks. Very fine for bouquets. 2 to 3 feet. July and August. 25c each. Dozen \$2.25.
- GYPHOPHILA, BRISTOL FAIRY.** A recently introduced double, everblooming Baby's Breath. Has larger, whiter flowers than the old Baby's Breath. Blooms from June to October. For winter bouquets it dries perfectly and does not discolor. 60c each.
- GYPHOPHILA EHRLEI.** A new introduction considered by some to be superior to Bristol Fairy. The plant blossoms very profusely in compact form, with large, very double flowers. Has a long blooming season, continuing in flower until frost. 75c each.
- HELENIUM AUTUMNALE SUPERBUM.** Spreading heads of golden yellow, flowers in late summer, grows 4 to 6 feet high. 25c each. Dozen \$2.25.
- HELENIUM RIVERTON GEM.** Old gold suffused with bright terra cotta and red. From August to October. 3 to 4 feet. Showy in the garden, fine for cutting. 25c each. Dozen \$2.25.
- HELIOPSIS SCABRA ZINNIAFLORA.** The flowers are double, golden yellow in color, and produced during July and August. They closely resemble the Zinnia in

Sweet William

form. A desirable cut flower. About 24 inches high. 25c each. Dozen \$2.25.

HEMEROCALLIS FLAVA. Lemon Day Lily. Grows 2 to 3 feet high with long narrow leaves and produces deep lemon-yellow fragrant flowers from early June until well into July. 25c each. Dozen \$2.25.

HEMEROCALLIS FLORHAM. Large trumpet shaped flowers of a rich golden yellow with Indian yellow markings. Sweet scented. June and July. 2½ to 3 feet. 25c each. Dozen \$2.25.

HEMEROCALLIS FULVA. Tawny Day Lily or Golden Lily. The flowers are coppery orange, trumpet shaped and produced on plants about 3 feet tall. Blooms June and July. 25c each. Dozen \$2.25.

HEUCHERA SANGUINEA. Coral Bells. Graceful spikes of coral-red flowers on plants growing 1½ to 2 feet tall. A compact foliage. Excellent for cutting and fine in the rock garden. June to September. 35c each. Dozen \$3.25.

HIBISCUS, MEEHAN'S MALLOW MARVELS. A magnificent strain of hardy Mallows, which for size and profusion of bloom and richness of coloring are among the most striking and beautiful perennials that grow. Flowers eight to ten inches in diameter ranging in color through various shades of red, pink and white. 25c each. Dozen \$2.25.

HIBISCUS, New Giant. A dark red Hibiscus, unusually large and vigorous grower. 35c each. Dozen \$3.25.

HOLLYHOCKS ALTHAEA. Single, mixed colors. Beautiful large fringed flowers. 5 to 7 feet. July and August. 25c each. Dozen \$2.25.

HOLLYHOCKS DOUBLE FLOWERING. We offer these beautiful flowers in red, pink, yellow, white, maroon, rose, and salmon-pink. 5 to 7 feet tall. July and August. 25c each. Dozen \$2.25. Extra large, 40c each. Dozen \$3.75.

Iris

The Iris is a magnificent hardy perennial and a general favorite. They have been referred to as the Orchid of the hardy garden. The Iris offers innumerable color combinations of unsurpassed beauty, and the lovely structure of the flower is difficult to describe. It is one of our easiest perennials to grow requiring a minimum of care and thriving under conditions of soil and weather in which other perennials would fail. In the following carefully selected list is offered a splendid selection.

BLUE BIRD. Flowers of the brightest blue. The intense blue coloring makes this an unusual type and a very attractive one. 25c each. Dozen \$2.25.

BROOKLYN. The standards are pearl-grey with a faint flush of yellow. Falls a light veined russets. A large flower of very delicate coloring. 25c each. Dozen \$2.25.

CANARY BIRD. The standards are a bright yellow and the falls a very deep yellow. On account of its intense coloring, this Iris is most attractive. 25c each. Dozen \$2.25.

FAIRY. White, delicately suffused with soft blue. A very lovely Iris. 25c each. Dozen \$2.25.

GERTRUDE. A very fine blue Iris. 25c each. Dozen \$2.25.

LENT A. WILLIAMSON. Standards a blue violet, falls a rich purple. Of perfect form. A very fine Iris. 35c each. Dozen \$3.25.

MADAM CHEREAU. Standards pure white, edged blue. Falls white with blue penciling. Very popular. 25c each. Dozen \$2.25.

MRS. ALAN GRAY. A delicate lavender-pink and very early bloomer. Gives one the impression of pink, compared with other Iris. 35c each. Dozen \$3.25.

NEGLECTA. Standards blue with falls a deeper blue. One of the best blue. 25c each. Dozen \$2.25.

NIEBELUNGEN. Standards are fawn and yellow, falls violet-purple and bronze. Strong grower, blooms freely. 35c each. Dozen \$3.25.

PERFECTION. Standards are light blue with falls a dark violet. A very handsome Iris. 35c each. Dozen \$3.25.

PALLIDA DALMATICA. Standards and falls are a lavender-blue, shading to silvery blue. Fine for massing. 25c each. Dozen \$2.25.

PRINCESS VICTORIA LOUISE. Standards are sulphur-yellow with falls a rich plum color. 25c each. Dozen \$2.25.

QUEEN OF MAY. A rose-lilac almost pink, one of the best for pink color effect. 35c each. Dozen \$3.25.

Dwarf Iris

IRIS PUMILA. Dwarf Bearded Iris. Purple flowers. Grows about ten inches high, coming into bloom early in April. Suitable for border effect or in front of taller growing varieties. 25c each. Dozen \$2.25.

Siberian Iris

SIBERIAN BLUE. Flowers are clear blue borne on long stems. A strong grower and very hardy. Valuable for cutting, blooms later than the German Iris. 25c each. Dozen \$2.25.

Our Special Price \$1.45

LILIUM REGALE. The Regal Lily. The flowers are white slightly suffused with pink. A beautiful shade of canary yellow at the center and extending part way up the trumpet. Delightfully fragrant. A single stalk will often have ten to fifteen large blossoms. The finest lily for Minnesota gardens. 3 feet. Blooms in July. 25c each. Dozen \$2.25.

LILIUM SPECIOSUM RUBRUM. Rubrum Lily. The base color is blush-pink heavily spotted with crimson. Very fragrant. 2 feet. August and September. 40c each. Dozen \$3.75.

LILIUM TIGRINUM. Single Tiger Lily. A popular garden lily with large, bright orange blossoms marked with dark spots. 3 feet. 25c each. Dozen \$2.25.

LILIUM TIGRINUM FL. PL. Double Tiger Lily. This magnificent lily is borne in immense clusters on tall stems. The flowers are very large and very double. Color is orange-red spotted with black. 3 feet. 25c each. Dozen \$2.25.

LILY OF THE VALLEY. (Convallaria Majalis). The lovely, fragrant, white bell-shaped flowers are produced on plants about 10 inches tall. Does well in semi-shade. Blooms May and June. 15c each. Dozen \$1.00. Clumps 50c each. Dozen \$3.50.

LINUM PERENNE. Flax. Dainty, feathery foliage, and sparkling blue single flowers all summer. 18 to 24 inches. A very attractive and showy flower. 25c each. Dozen \$2.25.

LOBELIA CARDINALIS. Cardinal Flower. Grows 2 to 4 feet high, producing vivid crimson flowers on long spikes in August and September. 25c each. Dozen \$2.25.

LUPINES POLYPHYLLUS. Lupine. Spikes of clear blue; pea-shaped flowers 3 to 4 feet high in June. 25c each. Dozen \$2.25.

LYCHNIS CHALCEDONIA. Campion. Brilliant vermilion-scarlet flowers in June and July. 2 to 3 feet high. A striking color in the garden. 25c each. Dozen \$2.25.

LYSIMACHIA NUMMULARIA. Creeping Jenny. This is an excellent carpeting plant to grow in semi-shaded or moist places. Crawls delightfully over rocks in the rockery and quickly covers bare, unsightly spots. Forms a dense carpet and bears bright, small yellow flowers. 25c each. Dozen \$2.25.

LYTHRUM ROSEUM. Loosestrife. The rose colored spikes about two and one-half feet tall are very showy. Blooms July and August. 25c each. Dozen \$2.25.

MONARDA DIDYMA. Oswego Tea. An attractive plant for the perennial border. Brilliant crimson-scarlet flowers in close heads on plants 2 to 3 feet high. June through August. 25c each. Dozen \$2.25.

MYOSOTIS. Forget-me-not. The charming little blue flowers produced freely, have long been a favorite. Will thrive best in a moist semi-shaded location. Blooms off and on all summer. 25c each. Dozen \$2.25.

NEPETA MUSSINI. The silvery-grey foliage is aromatic. The hundreds of small flowers are lavender-blue. An excellent plant for edging or in the rock garden. 12 to 18 inches. May to August. 25c each. Dozen \$2.25.

PACHYSANDRA TERMINALIS. Japanese Spurge. An excellent ground cover. The trailing plants are six to eight inches high and form broad carpets of bright glossy green. Will grow in shady situations under over-hanging shrubs or evergreens. Equally useful in full sun for covering terraces and other spots difficult to grow grass on. 25c each. Dozen \$2.25.

PAPAVR NUDICAULE. Iceland Poppy. Charming cup-shaped flowers on stems one foot high. Orange, yellow or white in color. A plant of neat habit with fern-like foliage. Blooms June through September. 25c each. Dozen \$2.25.

PAPAVR ORIENTALE. Oriental Poppy. The flowers of brilliant crimson are about six inches across and produced on plants about 2½ feet tall. Blooms in June. 25c each. Dozen \$2.25.

PENTSTEMON BARBATUS TORREYI. Beard Tongue. Bright scarlet flowers in spikes about two feet long from June to August. A graceful decorative plant growing about 3 feet tall. 25c each. Dozen \$2.25.

Peonies

The Peony rivals the rose in beauty and we are fortunate indeed that nowhere does the peony grow finer than in the severe climate of our section. Once planted it will continue to produce exquisite blooms for many years. Care should be taken in planting the Peony, to set the roots with the eyes about 2 inches below the surface of the soil. Planting too deep will prevent blooming though the plant may otherwise seem healthy. Peonies do best in fairly heavy soil. If therefore, your ground be very light and sandy it is advisable to incorporate considerable clay with it. Peony roots resent coming into direct contact with most manures but a little bone meal and hard wood ashes worked into the top soil will aid materially. The Peony plants we offer are strong 3 to 5 eye roots.

ALBERT CROUSSE. A beautiful soft shell-pink with faint salmon tints. The plant grows tall and produces an abundance of very large rose-type flowers of perfect form on long straight stems. Late blooming. 75c each.

COURONNE D'OR. Pure white with a circle of gold stamens. A very fragrant semi-rose type. Late mid-season bloom. The cut flowers keep very well. 50c each.

FELIX CROUSSE. The bomb-shaped flower is a rich brilliant ruby red. The flower is large and comes into bloom in late midseason. 75c each.

FESTIVA MAXIMA. Early white with inner petals slightly tipped carmine. Free blooming and fragrant. 50c each.

FLORAL TREASURE. A fine clear bright pink. The plant remains a long time in bloom. The flower is very double and exquisitely fragrant. 50c each.

FRANCOISE ORTEGAT. Rich dark crimson, with deep shades of amaranth, brilliant golden anthers. Midseason. Semi-rose type. Fragrant. 75c each.

GROVER CLEVELAND. Dark crimson. A late rose-type, strong vigorous grower with large, full flowers. \$1.00 each.

KARL ROSENFELD. Flower crimson, large compact semi-rose type. Midseason. Very strong, tall and free blooming, slightly fragrant. \$1.00 each.

Shasta Daisy—Alaska

ROSE HILL PEONY COLLECTION

- 1 L'Esperence, bright pink
- 1 Francoise Ortegat, dark crimson
- 1 Ville de Nancy, rose pink
- 1 Pres. Roosevelt, deep red
- 1 Madame De Vernville, white

Regular Price\$3.50

Special Collection Price\$1.95

LATULIPE. Lilac-white, fading to creamy-white with outer guard petal striped and center petals tipped with carmine. Semi-rose type. Late. Fragrant. 75c each.

L'ESPERANCE or EDULIS SUPERBA. Bright pink with slight violet shadings at base of petals. Large crown type. Early. Fragrant. Strong and upright in habit. A very free bloomer. 50c each.

LOUIS VAN HOUTTE. Fine violet-red bloom of dazzling effect. Very fine, shapely bloom. Medium to large flower. Midseason. 75c each.

MADAME DE VERNVILLE. Guard petals sulphur-white, center petals rose-white with carmine touches. An early bomb type. A profuse bloomer with rose fragrance. 75c each.

MARIE LEMOINE. Color ivory-white, with occasionally narrow carmine tracings on edge of some petals. The flowers are of very large size on stout erect stems. Rose type, very late. 75c each.

PRESIDENT ROOSEVELT. A deep, rich glowing red of very unusual shade. A strong growing truly grand peony. 75c each.

SINGLE PEONY. Dark red. Blooming very early with prominent golden stamens. An attractive variety, very fine for cutting. \$1.00 each.

VILLE DE NANCY. The large, globular flowers are a lovely rose pink. A very fine variety. 75c each.

Hardy Phlox

These beautiful hardy plants are the most colorful and attractive of all during late summer and early fall. Blooming most profusely, their brilliant colors admired by all, they make a wonderful display in the flower border. The following varieties have been selected for their strong growth, clear colors and profusion of bloom.

The Phlox we offer are all strong field grown, two-year old plants.

B'COMTE. Large heads of rich, satiny purple flowers. Exceedingly brilliant. 25c each. Dozen \$2.25.

BEACON. Brilliant cherry-red, grows 3 feet high. One of the best in this color. 35c each. Dozen \$3.25.

BRIDESMAID. Pure white with crimson eye. A tall growing variety. 25c each. Dozen \$2.25.

Festiva Maxima Peony

ECLAIREUR. Bright rose carmine. 25c each. Dozen \$2.25.

ELIZABETH CAMPBELL. A very large salmon-pink, with lilac circled eye. A lovely combination. 35c each. Dozen \$3.25.

FIREBRAND. A new bright orange-scarlet, almost vermilion. A very profuse bloomer throughout the entire season. Of medium height. 35c each. Dozen \$3.25.

FRAULEIN VON LASSBURG. A pure white tall mid-season variety. Very free flowering. 25c each. Dozen \$2.25.

MADAME BEZANSON. A beautiful rich crimson. An excellent variety of medium height. 25c each. Dozen \$2.25.

MISS LINGARD. A very lovely early white, coming into bloom a month ahead of most Phlox, large, loose clusters of flowers on strong stems. 25c each. Dozen \$2.25.

MRS. CHARLES DOOR. A lovely rose-lavender. A tall grower. 35c each. Dozen \$3.25.

MRS. JENKINS. A very fine early white. 25c each. Dozen \$2.25.

MRS. CHARLES MAYO. White with crimson eye. A strong growing variety with profuse bloom. 25c each. Dozen \$2.25.

PANTHEON. A lovely pure pink. 25c each. Dozen \$2.25.

PROFESSOR SCHLEMAN. A large pink variety. 25c each. Dozen \$2.25.

R. P. STRUTHERS. A blending of rosy carmine with claret red eye. 25c each. Dozen \$2.25.

ROSENBERG. A splendid crimson purple. Large flower head, strong grower. 25c each. Dozen \$2.25.

SUBULATA. Moss Pink. Masses of pink bloom in early spring. Pretty moss-like evergreen foliage. A fine plant for edging the border and for use in the rockery. Plant in full sun. 25c each. Dozen \$2.25.

PHYSALIS. Chinese Lantern Plant. Valued for the bright orange-scarlet lantern-like fruits which when cut and dried, may be used for floral decorations during the winter. 2 feet high. 25c each. Dozen \$2.25.

PHYSOSTEGIA VIRGINICA. False Dragonhead. Long spikes of delicate pink flowers in July and August. Plant grows about three feet. 25c each. Dozen \$2.25.

PLATYCODON GRANDIFLORUM. Balloon Flower. Large bell-shaped flowers of a deep shade of blue. Blooms July until late September. 2 to 3 feet high. 25c each. Dozen \$2.25.

POLEMONIUM COERULEUM. Jacob's Ladder. Erect stems of sky blue flowers. Graceful pinnate leaves, the flowers borne in loose heads. 1½ feet. June and July. Suitable for rockery. 25c each. Dozen \$2.25.

PYRETHRUM HYBRIDUM. Persian Daisy. The daisy-like flowers are both single and double in shades of white, pink, and red to deep crimson. The blossoms are produced on long graceful stems, making it a very desirable cut flower. 25c each. Dozen \$2.25.

PYRETHRUM LEUCANTHEMUM. Ox-Eye Daisy. Blooms abundantly from June until frost. Flowers daisy-like white with yellow centers. Very fine for cutting. 25c each. Dozen \$2.25.

PYRETHRUM ULIGINOSUM. Giant Daisy. Clusters of large daisy-like white flowers with yellow centers; blooms in late summer and fall. 4 feet tall. 25c each. Dozen \$2.25.

RANUNCULUS REPENS. Buttercup. A pretty double flowering, bright yellow buttercup. Masses of blossoms during May and June. 1 foot high. 25c each. Dozen \$2.25.

RIBBON GRASS. Phalaris Arundinacea Variegata. Very ornamental, green leaves striped lengthwise with creamy white. 25c each. Dozen \$2.25.

RUDBECKIA LACINIATA. Golden Glow. Produces masses of dahlia-like golden yellow flowers from July to September. Strong grower. 5 to 6 feet. 25c each. Dozen \$2.25.

RUDBECKIA NITIDA. Autumn Sun. Plant growing four to six feet high, bearing attractive single flowers with broad petals of light yellow during August and September. 25c each. Dozen \$2.25.

RUDBECKIA PURPUREA. Purple Cone Flower. Blossoms about four inches across of a peculiar reddish-purple, with a remarkably large cone-shaped center of brown. July and August. 3 feet high. 25c each. Dozen \$2.25.

SEDUM ACRE. Golden Moss. A dwarf plant with a profusion of bright yellow flowers from June to July. 3 to 4 inches. Fine for edging the border or for rock gardens. 25c each. Dozen \$2.25.

SEDUM BRILLIANT. Stonecrop. Plant growing about eighteen inches high with light green glaucous foliage, large heads of showy bright rose colored flowers in late autumn. 25c each. Dozen \$2.25.

SEDUM STOLONIFERA. Running Stonecrop. This variety is of creeping habit. Dull rose colored flowers. The leaves turn a beautiful crimson in the fall. 4 to 5 inches. 25c each. Dozen \$2.25.

SHASTA DAISY, ALASKA. Large white flowers with yellow center produced profusely nearly all summer. 12 to 18 inches. Excellent for cutting. 25c each. Dozen \$2.25.

SPIREA ASTILBE HYBRIDS. Feathery flowers of either pink or white. About 2½ feet high. A very attractive plant in the flower border. 35c each. Dozen \$3.25.

SPIREA FILIPENDULA. The white flowers borne in graceful feathery plumes. Handsome divided leaves. June and July. 18 to 24 inches. 35c each. Dozen \$3.25.

SPIREA MARGUERITE VANRECHTEREN. The very fine fringed flowers are bright red tinged with dark purple. Flower stem over three feet in length. June and July. 35c each. Dozen \$3.25.

STATICE LATIFOLIA. Sea Lavender or Lavender Baby's Breath. Myriads of lavender colored tiny flowers resembling the general form of the Baby's Breath. Leathery, dark green leaves close to the ground. Showy in the garden and splendid as a cut flower. May be dried for winter use. 35c each. Dozen \$3.25.

THYMUS SERPYLLUM COCCINEUM. A dwarf growing creeping plant with fragrant foliage. Covered

with brilliant scarlet colored flowers during June and July. 4 to 6 inches. 25c each. Dozen \$2.25.

TROLLIUS. Globe Flower. A free flowering plant of the buttercup order. Large, orange-yellow blossoms. 18 to 24 inches. May to August. Grows well in a moist semi-shaded position. 25c each. Dozen \$2.25.

VALERIANA OFFICINALIS. Hardy Garden Heliotrope. Showy heads of rose tinted white flowers with heliotrope fragrance. 3 to 4 feet. June and July. Loves moisture. 25c each. Dozen \$2.25.

VERONICA RUPESTRIS. Myriads of bright blue flowers practically cover the thickly matted deep green foliage in June. Stands partial shade. 3 to 4 inches. Fine rock plant. 25c each. Dozen \$2.25.

VERONICA SPICATA. Speedwell. Spikes of violet-blue flowers in June and July. Gives splendid color to the border. 18 inches. 25c each. Dozen \$2.25.

VINCA MINOR. Trailing Myrtle. A trailing plant, splendid for covering ground under trees and shrubs. Delightfully softens the effects of the rocks in the rockery. Flowers are blue resembling a small violet. 25c each. Dozen \$2.25.

Viola Cornuta—Tufted Pansies

The flowers resemble in form, though not quite so large, the common Pansy. Of very free flowering habit. They bloom from April until October. They constitute a most colorful addition to the garden. The following varieties are among the very best.

JERSEY GEM. Pure, rich bluish-purple slightly perfumed flowers. A most attractive variety. 25c each. Dozen \$2.25.

LUTEA. The flowers are a bright golden yellow, contrasting beautifully with the darker shades of other varieties. 25c each. Dozen \$2.25.

PERFECTION. Light blue flowers in profusion. Very lovely with the yellow sort. 25c each. Dozen \$2.25.

SCOTCH BORDER. The flowers are a perfect riot of color, combining practically every shade. 25c each. Dozen \$2.25.

YUCCA FILAMENTOSA. Adam's Needle. The creamy white flowers are bell-shaped and drooping. Produced on tall stems up to 4 or 5 feet. The foliage is sword-like and woody. July. 25c each. Dozen \$2.25.

YUCCA GLAUCA. The leaves are sword-like, rather narrow; grayish-green in color. Flowers are bell-like, drooping white, borne on stems about 3 feet tall. An exceedingly hardy drought resistant variety. 25c each. Dozen \$2.25.

Hibiscus

SPECIAL PHLOX COLLECTION

Six large choice Phlox plants each of a different variety, our selection.

Regular Price\$1.50
 Special Collection Price\$.95

Vines

VINES fill a most useful need. The flowering beauty of many varieties has splendid merit and as shade givers they are very fine. Used to embellish an otherwise drab wall or ugly bank, they are indispensable.

BITTERSWEET. (*Celastrus Scandens*). A hardy, strong growing vine with glossy leaves. The yellow flowers are followed by conspicuous reddish-orange fruits.

2 yr.....\$0.50 3 yr.....\$0.75

CLEMATIS, Duchess of Edinburg. The lovely, large, double white variety blooming over a long period.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS, Gypsy Queen. A fine, new introduction. Flowers size of Jackmanni with rich, velvety purple color.

2 yr.....\$1.10 3 yr.....\$1.35

CLEMATIS, Jackmanni. The violet-purple flowers when fully expanded are from three to five inches in diameter. Blooms in July. A very popular vine.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS, MADAME EDWARD ANDRE. Flowers are about the same size as the Jackmanni, crimson red in color. Has a long season of bloom.

2 yr.....\$1.00 3 yr.....\$1.25

CLEMATIS PANICULATA. The flowers are white, small and star-shaped, very fragrant and so abundant as to almost hide the foliage. It blooms late in the summer when most other vines are through blooming.

2 yr.....\$0.50 3 yr.....\$0.75

CLEMATIS RAMONA. Flowers are large, light blue. A very free bloomer.

2 yr.....\$1.00 3 yr.....\$1.25

DUTCHMAN'S PIPE. (*Aristolochia Sipo*). A vigorous rapid-growing climber with pipe shaped flowers. The light green leaves are of very large size, and overlapping they cast a dense shade.

2 yr.....\$0.75 3 yr.....\$1.00

GRAPE, Beta. This grape makes one of the best vines for covering porches and arbors. It is perfectly hardy without winter protection and produces an abundance of fruit of medium size.

2 yr.....\$0.40 3 yr.....\$0.60

HONEYSUCKLE, Scarlet Trumpet. (*Lonicera Sem-pervirens*). An old favorite; bearing scarlet, trumpet-shaped blossoms over a long period.

2 yr.....\$0.50 3 yr.....\$0.75

IVY, Boston. (*Ampelopsis veitchi*). A very lovely vine refined in habit. Clings firmly to such surfaces as presented by brick, coarse plaster etc. The foliage is fresh deep green in summer, changing to the brightest shades of crimson and yellow in the fall. Vines will often winter kill somewhat during the winter, but the plant comes on very nicely with new growth each spring.

2 yr.....\$0.50 3 yr.....\$0.75

IVY, Engelman's. (*Ampelopsis Engelmani*). The hardiest climbing Ivy for this climate. Splendid to cover brick or stone walls or any other rough surface, as it requires no trellis to grow on. It is a rapid grower. The young growth has a purplish tinge, maturing dull green and turning a bright crimson color in the fall.

2 yr.....\$0.35 3 yr.....\$0.50

IVY, AMERICAN or VIRGINIA CREEPER. (*Ampelopsis Quinquefolia*). A popular native vine with deeply cut leaves which turn to a beautiful crimson in the fall. Fine for covering rocky slopes, arbors, fences, etc.

2 yr.....\$0.35 3 yr.....\$0.50

MATRIMONY VINE. (*Lycium Chinense*). Planted at the top of walls or embankments, this vine hangs gracefully down covering beautifully the unsightliness of the ugly surface. The small, star shaped, purple flowers are succeeded by bright, scarlet, coral-like berries nearly an inch long.

2 yr.....\$0.35 3 yr.....\$0.50

Engelman's Ivy

FREE PREMIUMS

with each order of \$2.00 or over.
See the large list to choose from
on Page 1.

Roses

Our roses are extra fine large plants that bloomed freely last summer, most varieties being 2 to 3 feet high and with ordinary care will produce an abundance of flowers this coming summer. No better roses can be purchased. Our plants have not been packed in boxes and exposed on bargain counters for days, but are fresh from our nursery and every plant guaranteed.

Our roses at 50c each are fully as good quality and size as roses sold in packs at stores for \$1.00 each. Besides our plants are guaranteed to grow or be replaced free.

Everblooming Hybrid Tea Roses

These are the so-called everblooming roses. If the bushes are kept healthy and in good growing condition, though they do not bloom all the time, one crop of flowers follows another at short intervals. They are more tender than the hybrid perpetuals. Winter protection is necessary. The flowers are very beautiful in color, form and fragrance.
Strong 2 yr. plants.....\$0.50 ea.

GRUSS AN TEPLITZ. The double blooms of medium size are brilliant crimson with darker shadings. Splendid fragrance. Blooms most freely in open clusters through the whole season.

KILLARNEY. Has long pointed buds opening to a flat flower with enormous petals. Bright pink in color. A very free flowering, vigorous grower.

LOS ANGELES. Exquisite flowers of salmon pink with yellow shadings. Sweetly perfumed. Very free blooming.

RED RADIANCE. The flowers are large, deep red; produced freely until frost. Foliage excellent.

SOLIEL D'OR. The flowers are very double, gold and orange-yellow in color. Sweetly scented. Plant is vigorous; blooms profusely for a period and sparingly thereafter.

PINK RADIANCE. The most reliable pink Hybrid Tea Rose. Brilliant rose pink buds, opening to well shaped very fragrant flowers, which have splendid keeping quality when cut.

Hybrid Perpetual Roses

These roses produce one splendid display of bloom and are not, as the name implies, perpetually in flower. The flowers are large, full and very fragrant. To those desiring roses of fine form, fragrance and color, the hybrid perpetual is recommended. With proper covering they can be fairly depended upon to live through the winter in our severe climate.

Strong 2 yr. plants.....\$0.50 ea.

ANNA DE DIESBACH. The unusually large, double flowers are clear, rosy carmine. They are finely formed, compact, deliciously scented and borne profusely. A strong grower.

CAPTAIN HAYWARD. The scarlet crimson flowers are of splendid form. Very large and fragrant. Blooms over quite a long period on a big strong plant.

FRAU KARL DRUSCHKI. Considered the best white rose of any class. The splendid snow-white flowers have beautiful form but are without fragrance. Blooms are borne freely on a very strong growing plant.

GENERAL JACQUEMINOT. The very fragrant flowers are of moderate size, splendid shape and a rich velvety crimson in color. This strong growing rose is an old favorite.

Rose Frau Karl Druschki

- GEORGE ARENDS.** The deep petaled blooms are a lovely soft pink, sweetly scented. Plant is a vigorous grower with fine waxy foliage. The best of pink roses.
- HUGH DICKSON.** The large full blooms are brilliant crimson shaded scarlet. Very fragrant. A vigorous grower.
- J. B. CLARK.** The color is unique among roses, a deep scarlet shaded to blackish crimson. The flowers are very double, slightly fragrant. Requires severe pruning.
- MAGNA CHARTA.** The very double flowers are large, bright pink in color and strongly perfumed. Blooms profusely in season on strong erect growth.
- MARSHALL B. WILDER.** Flowers are large, a bright carmine, very fragrant. A strong grower with a long blooming period.
- MRS. JOHN LAING.** Soft pink, of beautiful form; exceedingly fragrant and remarkably free-flowering. A vigorous grower with handsome foliage.
- PAUL NEYRON.** Blooms are lilac-rose of very large size. Fragrant and double. The plant is a strong grower and a very profuse bloomer.
- PRINCE CAMILLE DE ROHAN.** The dark crimson flowers are moderate in size, well formed and delightfully fragrant. The blackish maroon shading to the flower has often caused it to be called the black rose. Very free bloomer.

Climbing Roses

These require training to a trellis or upright support of some sort. Anyone willing to give them the required attention will be more than repaid by the graceful beauty of these plants. They require winter covering.

Strong 2 yr. plants.....\$0.50 ea.
3 yr......75 ea.

- CRIMSON RAMBLER.** The flowers are produced in great trusses, often thirty or forty in a cluster, appearing like large bouquets. The roses are small, semi-double, and of a bright crimson color.
- DOROTHY PERKINS.** The rather large, double, clear shell-pink flowers are borne in pendulous sprays. The fragrant flowers do not fade in color.
- DR. W. VAN FLEET.** The perfectly formed buds are borne on long stout stems. In color they are flesh pink, deeper at the center. Splendid for cutting, very fragrant. Dark glossy foliage.

EXCELSA. The deep scarlet crimson blooms are produced in profusion in large clusters. A vigorous grower. Has largely replaced the Crimson Rambler.

PAUL'S SCARLET CLIMBER. The well shaped scarlet flowers are of moderate size and borne in small trusses. They are borne early and last a long time. The plant is of moderate size with good foliage.

TAUSENDSCHOEN or THOUSAND BEAUTY. Prettily ruffled large flowers of shades of creamy white and changing to bright rose-pink. A healthy grower.

WHITE DOROTHY PERKINS. The flowers are rather small and very double of pure creamy white. Blooms in profusion on strong healthy plants.

Baby Rambler or Polyantha Roses

These rather small, bushy plants are the most truly everblooming of all roses. The bloom is borne in heavy clusters throughout the summer until frost. The size of the bush makes it especially adaptable to home yard plantings. Require careful covering for winter.

2 yr. old plants.....\$0.50 ea.

CATHERINE ZEIMET. Double, pure white flowers in abundance, borne in large, fragrant clusters.

ELLEN POULSEN. Bright rose-pink, almost single flowers of good size. Fragrant and thrifty growing.

MISS EDITH CAVELL. The semi-double flowers are a brilliant scarlet red, rather small in size, produced in large clusters.

Rugosa Roses and Hardy Bush Roses

See Pages 9 and 10

How to Plant Roses

- 1st. Dig a hole so large the roots won't be cramped.
- 2nd. Place plant depth shown. Fill hole nearly to top with rich soil. Water thoroughly to firmly settle soil.
- 3rd. Trim plant to about 7 or 8 inches in height as picture shows.
- 4th. Cover entire top of the plant with a mound of loose soil about 9 inches high.
- 5th. In about two weeks pull a little of the loose soil away to observe if buds are bursting open. If buds are opening, carefully pull away the mound of loose soil. If buds are still dormant leave the mound of soil until buds are observed to burst open, then remove mound.

Fruits

THE thrifty housewife has long known the savings made when fruits are grown at home. There is something about home grown fruit that is different. It tastes better than any other. For their ornamental qualities alone, fruit trees are worth while. The next best thing to eating berries right off the vine is to have them served to you directly after picking.

Hardy Apples

PRICES ON APPLES AND CRABS
Except Where Priced

WHITNEY No. 20. Very hardy and productive. Fruit red in color. Flesh of fine quality. Fine for eating or for sweet pickles.

Hardy Plums

PRICES ON ALL PLUMS EXCEPT WHERE PRICED

4 to 5 feet \$.50 each, \$5.00 doz., \$40.00 per 100
5 to 6 feet .75 each, 7.50 doz., 50.00 per 100
6 to 7 feet 1.00 each, 10.00 doz., 65.00 per 100

Beta Grape

COMPASS CHERRY-PLUM. The fruit resembles the plum but has a cherry flavor. Is very fine for cooking or canning.

ELLIOTT. A strong grower, hardy and heavy bearer. Fruit of good size, pit small, quality good. Red.

FIEBING. A new plum introduced by Mr. Chas. Haralson Excelsior, Minn. It is hardy and of vigorous growth, producing a regular crop of unusually large, fine quality plums. Should be included in every home and commercial orchard.

4 to 5 ft. \$1.00 ea. 6 to 8 ft. \$2.00 ea.
5 to 6 ft. 1.50 ea.

LA CRESCENT. The Apricot flavored plum. Tree vigorous and productive. Fruit medium sized. Clear yellow, tender, fine grained flesh. Semi-free stone, juicy and sweet.

LORING PRIZE PLUM. The largest plum known for northern orchards. Bright red in color, delicious to eat; has a small pit. Some years this variety is a shy bearer.

MONITOR. Tree vigorous and productive. Fruit large, almost round, color dark red, quality good.

RED WING. A heavy and early fruiting variety with large, red, free stone fruit of exceptionally fine quality.

TONKA. A fine flavored, juicy plum of large size, good keeper and good market variety. Red.

UNDERWOOD. Fruit attractive red with fairly firm, juicy flesh, small pit, clingstone, hangs well and ripens over a long period. A splendid variety.

Hansen Hybrid Plums

OPATA. The tree bears exceedingly early. The fruit is purple, the flesh green, flavor very pleasant.

4 to 5 ft. \$0.75 ea. 5 to 6 ft. \$1.00 ea.

SAPA. The fruit is of a dark purple color, being the same color through to the pit. It is fine for eating from the tree and is unexcelled for canning. Ripens early.

4 to 5 ft. \$0.75 ea. 5 to 6 ft. \$1.00 ea.

Pears

MENDEL PEAR. Originated at New Ulm, Minnesota. Fruit is of good size, about the same as Bartlett, juicy and of fine quality.

4 to 5 ft. \$1.50 ea. 6 to 7 ft. \$2.50 ea.
5 to 6 ft. 2.00 ea.

MINNESOTA No. 1. Originated by the Minnesota State Fruit Breeding Farm. This is a good cooking and eating pear. The tree is a large, vigorous free growing type. Fruit medium in size, flesh tender.

4 to 5 ft. \$1.50 ea. 6 to 7 ft. \$2.50 ea.
5 to 6 ft. 2.00 ea.

Cherries

Dozen Rates 10 Times Price of Each.

EARLY RICHMOND. Red, acid, excellent for cooking or drying.

4 to 5 ft. \$0.75 ea. 5 to 6 ft. \$1.00 ea.

NICOLLET. (Hybrid). Skin thin; flesh tender; juicy; mildly sour; cherry-like in flavor and texture.

4 to 5 ft. \$1.00 ea. 5 to 6 ft. \$1.50 ea.

OKA. A dark, purplish red fruit. Excellent for eating, jelly and jam. It is early bearing. The tree produces a heavy crop of fruit. One of the best hardy cherries. We recommend this variety.

4 to 5 ft. \$0.75 ea. 6 to 7 ft. \$1.50 ea.
5 to 6 ft. 1.00 ea.

ROCKY MOUNTAIN DWARF CHERRY. A dwarf cherry growing about four feet high. Fruit of fair size and an early bearer.

2 to 3 ft. \$0.50 ea. 3 to 4 ft. \$0.75 ea.

WRAGG. Dark purple, extra fine quality, hardy and productive.

4 to 5 ft. \$0.75 ea. 6 to 7 ft. \$1.50 ea.
5 to 6 ft. 1.00 ea.

ZUMBRA. (Hybrid). An early bearing and extremely productive variety. Will bear a heavy crop the year after setting. Fruit very dark, nearly black. Flesh firm, greenish, sometimes tinged with red when fully ripe. Fruit is not of the best quality, but when canned it is delicious. Ripens about the middle of August.

4 to 5 ft. \$0.75 ea. 6 to 7 ft. \$2.00 ea.
5 to 6 ft. 1.00 ea.

Grapes

The Alpha, Beta and Hungarian varieties are hardy without winter protection. All other varieties should be covered for the winter.

PRICES

2 yrs. .. \$0.30 ea. \$2.50 per doz. \$16.00 per 100
3 yrs. . . .50 ea. 4.00 per doz. 20.00 per 100

AGAWAM. Dark red, bunch and berries very large.

HOME GARDEN SPECIAL

A Splendid Assortment for Every Home

The very best varieties and fine plants priced so very low.

- 12 Chief Raspberry
- 12 Latham Raspberry
- 3 London Market Currant
- 2 Carrie Gooseberry
- 4 Rhubarb
- 24 Asparagus
- 3 Alpha Grape

Regular Price \$5.70
Our Special Offer \$3.95

ALPHA. Fruit is larger than Beta and of good quality. Perfectly hardy without covering.

BETA. The Beta is perfectly hardy, a rapid grower, early bearer, good sized fruit, bunches often weighing one-half to one pound each and of fair quality. Well adapted for covering porches, fences, etc., or will do well planted out by itself. A fine grape for jelly or grape juice.

CAMPBELL'S EARLY. Round fruit, flesh rather firm but tender; quality rich and sweet.

CONCORD. A well known black grape, medium size, early and of good quality.

DELAWARE. Light red, bunches and berries medium.

HUNGARIAN. Fruit is of fair size and quality good. Resembles Alpha.

MOORE'S EARLY. Black, earlier, larger and better quality than Concord, but not quite as productive.

POCKLINGTON. White; bunch and berries large.

Strawberries

All varieties offered below have perfect flowers and will bear fruit if planted alone.

PROGRESSIVE. The best everbearing strawberry. The fruit is of good size and flavor, smooth, of good color and appearance.
 25 for \$1.00 100 for \$2.50 1000 for \$20.00

MASTADON. The largest everbearing strawberry grown. The berries are uniform and large to the end of the season instead of running small.
 25 for \$1.25 100 for \$3.50 1000 for \$25.00

BEAVER. A promising new variety considered by many fruit growers to be the best market and home variety grown. Produces a heavy crop of beautiful red fruit of good size and quality.
 25 for \$0.75 100 for \$2.00 1000 for \$15.00

PREMIER. Early. It starts fruiting nearly a week earlier than Dunlap and maintains a heavy production for a long period. The berries are bright red, very firm, solid inside and maintain their size well throughout the season.
 25 for \$0.75 100 for \$2.00 1000 for \$15.00

SENATOR DUNLAP. This is the leading strawberry throughout the United States. It does well everywhere and produces enormous crops of fruit regularly. A first class shipper and retains its brightness long after being picked. The best market berry.
 25 for \$0.50 100 for \$1.50 1000 for \$10.00

Currants

Price 20c each, \$1.50 per dozen, \$10.00 per 100, except where noted.

CHERRY. Large, deep red, rather acid; bunches short; plants erect, stout, vigorous and productive.

LONDON MARKET. Regarded as the best market variety. Plant is extremely vigorous, with perfect foliage which it retains through the season; an enormous cropper.

NORTH STAR. Strongest growers among the red varieties; should be given plenty of room and the ground kept well enriched.

PERFECTION. In color it is a beautiful bright red. Very large in size. The clusters themselves are large and the size of the berries is maintained to the end of the bunch.
 Each.....\$0.40 Per Dozen.....\$4.00

STEWART'S SEEDLING. Beautiful, light red fruit of large size and good quality. Bush a strong and healthy grower. Produces large quantities of fruit; excellent flavor. A profitable variety for market purpose.

WHITE GRAPE. The best white. Large, mild flavored, good for table.

Gooseberries

CARRIE. The best commercial berry. The fruit is a transparent green, turning to a rich wine or deep

maroon color when fully ripe. One of the heaviest producers.
 Each.....\$0.20 Per Dozen.....\$1.50

PEARL. A robust grower, free from mildew and very productive. Fruit large and superior in size and quality.
 Each.....\$0.30 Per Dozen.....\$3.00

RED JACKET or JOSELYN. Fruit of very large size, smooth, red and of the best quality.
 Each.....\$0.30 Per Dozen.....\$3.00

Raspberries

\$1.00 per dozen, \$4.00 per 100, \$30.00 per 1000, except where noted.

CHIEF. (Minnesota No. 223). The plant is very vigorous, stocky, very hardy. Season early, one week ahead of Latham. Fruit attractive bright red, firm, quality very good. This variety has outyielded Latham for the past two years.

GOLDEN QUEEN. A large yellow raspberry of good quality. Per Dozen....\$1.50 Per 100.....\$6.00

GREGG. Late, very large, firm, and of fine flavor. Black.

KING. Plant a strong grower, very hardy and productive. Berry is firm; a good shipper; large size; beautiful, bright scarlet color; ripens with the earliest.

LATHAM. (Minnesota No. 4). Introduced by the Minnesota Fruit Breeding Station. It is by far the most popular variety grown, both for market and the home garden. The bush is vigorous and hardy without winter protection; bears a heavy crop of extra large fruit of the best quality. The largest and best variety for canning.

ST. REGIS EVERBEARING. Fruit commences to ripen earliest and often continues until October. Berries bright crimson; large size.
 Per Dozen.....\$2.00 Per 100.....\$8.00

Blackberries

ANCIENT BRITTON. A popular market variety. The fruit is of fine quality and produced in great abundance.
 Per Dozen.....\$1.50 Per 100.....\$7.00

LUCRETIA. This is one of the low-growing, trailing blackberries. Should be mulched to keep the berries off the ground. Fruit large and rich. The earliest blackberry.
 Per Dozen.....\$2.00 Per 100.....\$8.00

Asparagus

Price per doz..\$0.50 Per 100.....\$2.50

CONOVER'S COLOSSAL. Very large, tender and early.

WASHINGTON. Rust resistant; vigorous grower. Of very fine quality.

Rhubarb or Pieplant

Price each.....\$0.20 Per dozen.....\$2.00

LINNEAUS. A rhubarb of fine quality.

VICTORIA. Very large, early, fine quality, tender.

To Create Beautiful Lawns and Gardens Use Rose Hill Fertilizer

Feed your lawns, flowers, shrubs, trees and vegetables with this balanced plant food and watch them grow like magic.

Scientifically manufactured to be used in this section of the country it supplies the plant food in which our soils here are lacking. Though the price is very low, Rose Hill Fertilizer is made to rank in plant food value with the very best. Get more for your money by using Rose Hill Fertilizer. Odorless and pleasant to use.

Use 1 lb. to each 25 sq. ft. (5x5) 100 lbs. to 2500 sq. ft.

Complete directions with every bag.

10 lb. bag 45c, 25 lb. bag 95c, 50 lb. bag \$1.85, 100 lb. bag \$3.50

ROSE HILL LAWN SEED

The Best That Can Be Bought

This mixture contains hardy grasses of such varieties as to produce a lasting lawn in the shortest possible time. It is remarkably free from weed seeds and chaff, and when properly planted and cared for will produce a most beautiful lawn.

1 lb.....\$0.35 3 lbs.....\$1.00 5 lbs.....\$1.50
10 lbs.....\$2.85 20 lbs.....\$5.50

ROSE HILL SHADY PLACE SEED

Ordinary grass seed fails in shady places. This seed will grow grass where the shade is so dense that the ordinary grass seed fails.

1 lb.....\$0.40 3 lbs.....\$1.10 5 lbs.....\$1.75

SPRAYER

A sprayer is a necessity to one doing gardening. A Mason Jar Sprayer will be found very handy. It is strongly built and the double siphon tube gives a large, dense, fog-like spray. Price 75c each.

DUSTER

(To Apply Powders)

To combat certain insects it is best to use a dust spray. The Duster, though inexpensive, is strongly built and will operate successfully with all insect powders. Price 40c each.

BLACK LEAF 40

A highly recommended spray to kill plant lice and other sucking insects which cause the leaves to lose their color and curl up. Kills by coming into contact with the body of the insect. Directions on bottle.

1 oz. bottle.....\$0.35

VIGORO

A Nationally Known Fertilizer

Use 4 lbs. of Vigoro to 100 sq. ft.

100 lb. bag \$4.00 50 lb. bag \$2.50 25 lb. bag \$1.50

ARSENATE OF LEAD (Powdered)

Kills all insects which eat the leaves, by poisoning them. May be dusted on dry or applied in liquid form. Directions are printed on the can.

One-half pound can.....\$0.40

KOLO DUST

A very efficient powder spray to kill the red spider which of late years has done so much damage to evergreens. All spruces and the Red Cedars should be dusted thoroughly one of the first days in spring when the thermometer reaches 70 degrees to prevent damage from this pest.

1 lb.....\$0.30 2 lbs.....\$0.50

RABBIT REPELLANT

Highly recommended to prevent rabbits from eating shrubs, small trees, etc., during the winter. May be sprayed on or applied with a brush in late fall.

1 gal. can.....\$2.00 1 qt. can.....\$0.75

MARSH HAY

For Winter Protection

In the late fall perennials should be covered for winter protection with about 6 inches of Hay. We have found the wild Marsh Hay to be the most satisfactory for this purpose and offer it for sale at a price of \$1.00 per bale.

Should you desire us to put on the hay we shall be glad to do so. A time charge would be made for this service.

Perhaps This Plan Will Fit Your Grounds

The plan shown here will transform a typical back yard into an Outdoor Living Room. If your grounds are somewhat near this size the plan can be made to fit very easily. If your garage and walk are on the other side simply reverse the plan.

No need to do the planning all at one time. Notice how the groups are divided so that the planning may be done easily step by step.
